

GERMAN PEACE
DISCUSSED AT
WHITE HOUSE

Conferences of Saturday Have Bearing on International Affairs is Belief at Capital

PEACE RESOLUTION TO COME
BEFORE SPECIAL SESSION

Proponents to Stand Firmly by Plan for Separate Peace

WASHINGTON, D. C.—Senate proponents of an immediate peace with Germany by congressional resolution are understood to be standing firmly by their intention to present such a resolution promptly on the convening of the extra session of congress a week from Monday.

Information that members of the senate favoring a speedy peace by resolution had not abandoned their previously announced intention was obtained Saturday after a notable day of white house conferences at which the advisability of a congressional declaration of peace, together with other questions involved in a peace settlement. Whether the intention of peace-by-resolution senators has been approved in any degree by President Harding and whether it has the support of senate republicans generally were matters on which no information was available.

Conferences Important

The conferences at the white house were generally considered in the hearing on international affairs as probably the most important that President Harding had held since his inauguration.

Senator Knox of Pennsylvania, former secretary of state and author of the republican peace resolution of the last session of congress; Colonel George Harvey of New York, elected an ambassador to Great Britain; Myron T. Herrick of Ohio, understood to be under consideration for ambassador to France; and Stephen L. Elwell, noted French journalist who came to this country with former Premier Viviani, were among those with whom the president was closer during the day. All of those who participated in the conferences declined to say what specific proposals were discussed or to indicate when decisions might be expected.

Policy Still Undecided

By inference the day's developments were coupled with the visit here of M. Viviani, who has brought to American officials a first hand report as to the present attitude of the European governments toward the league of nations and related subjects.

Senator Knox went to the white house at the president's invitation and they spent more than two hours together.

The impression given was that the administration was feeling its way in the light of the information and advice brought by M. Viviani and that a definite policy was to be framed.

GOTHAM PAST PEAK
OF UNEMPLOYMENT
REPORT MERCHANTS

NEW YORK.—Increased industrial operations in New York city during the last three months are believed to have decreased the number of unemployed one-third, the industrial bureau of the Merchants' association announced Saturday night. On the basis of federal government reports the total number now employed in factories is more than 600,000, as compared with 518,220 persons working on January 1.

"The peak of unemployment in New York city," said the statement, "has been definitely passed."

NONPARTISAN LEAGUE
COMES TO HELP OF
FRIENDLY NEWSPAPER

FARGO, N. D.—The Nonpartisan league of North Dakota is coming to the assistance of the Grand Forks American, a newspaper friendly to the league, which recently suspended publication. A resolution passed here Saturday by the executive committee of the league in North Dakota pledges "moral assistance in re-establishing publication of the Grand Forks American and placing it on a firm basis."

ITALY NEGOTIATING TRADE
AGREEMENT WITH RUSSIA

ROME.—Announcement was made in the senate Saturday by Count Sforza, the foreign minister, that the government hoped soon to sign a commercial agreement with Russia. That it was intended, he added, to see that the clause prohibiting political propaganda was strictly observed. He believed it impossible to restore normal conditions in Europe while Russia was ignored.

ANNUAL LUNCHEON
OF TEACHERS' CLUB
HELD ON SATURDAY

William Kiekhofer of the University Economics Department, Delivers Address

SPEAKS ON INDUSTRIAL AND
SOCIAL UNREST IN COUNTRY

Lawrence College Glee Club Takes Part in Program

The Teachers' club of La Crosse held its annual luncheon at the Chamber of Commerce on Saturday with over three hundred teachers and members of city and county organizations in attendance. The luncheon was the second of its kind attempted as the club has been in existence but two years.

The singing of the Lawrence college Alma Mater by the Girls' Glee club of that school brought many of the alumni to their feet. The girls also sang "An Old English Madrigal," and "Sunlight Waltz." As an encore they gave "Parade," a clever little play.

Miss Charlotte Kohn, president of the Teachers' club, introduced the speaker, Mr. William Kiekhofer of Madison, who talked on "The Struggle Ahead." Mr. Kiekhofer is at the head of the department of economics at the University of Wisconsin, and in his talk gave a very careful analysis of the economic and industrial situation.

Industrial Unrest

"The world today is in a very unstable state of equilibrium," said Mr. Kiekhofer. "The world today is a very unstable compound. This is due mainly to three causes: first, hunger; second, industrial unrest; third, war. The group in the industrial world today represents the individual of a hundred and fifty years ago. The struggle of groups and classes is the struggle ahead."

The industrial unrest Mr. Kiekhofer attributed to the dissatisfaction among workers. "The workers are dissatisfied with their jobs," he said, "because their jobs are monotonous, unvaried, impersonal, lacking recognition and incentive. Modern machinery and modern methods have made the work monotonous. The modern methods tend to greatly increase production and the worker sees these methods only as productive of more wealth and less joy. Then there is no personal relation between the worker and his employer. No matter how much a task a man may be doing, he wants someone to tell him it is well done." Mr. Kiekhofer then presented remedies for the seemingly impossible situation. Improvement of the job by "peaceful evolution rather than by revolution," was his solution.

Must Improve Jobs

"To overcome the influences which are menacing the stability of the world we must improve the job. This must be done by peaceful evolution and not by revolution. And it can be done in this manner. Shorter working hours would counteract the monotony, the personal element could be introduced and above all the job should be made secure. The world should not live as those miners who anxiously await the sound of the blast which tells them that they are to have work on the morrow. The industrial workers do not want to control the world. The principle of democracy correctly applied will offset radicalism. The welfare of the people at large must be considered for after all public opinion is the biggest force in the world. We must all work together. It is foolish to think that anyone can stand alone. We are irreversibly bound and affairs in other countries show their effects here, so that we will work together in the struggle ahead."

**LABORERS HOMES
NEAR DUBLIN ARE
RAIDED BY CROWN**

DUBLIN.—Auxiliary forces raided a row of laborers' cottages at Rathfarnham, three miles south of Dublin, Friday night. They arrested two young men. Subsequently it was found that one of them had been seriously wounded.

A patrol of crown forces was ambushed in the vicinity of Ballymaucan, County Mayo. One of the attacking party was shot dead, another was badly wounded, and one prisoner was made. No casualties were suffered by the soldiers.

One constable was seriously wounded when he and six other constables were ambushed near the town of Kells.

FOWLER TO WIND UP
CAMPAIGN AT MEETING
MONDAY AT KABAT'S

Frank H. Fowler, candidate for mayor, will conclude his campaign Monday evening with a talk at Kabat's hall. "Youth and Blood Streets," it was announced last night, "will be announced last night."

The meeting will be held at 8 o'clock.

FOWLER TO WIND UP

Frank H. Fowler, candidate for mayor, will conclude his campaign Monday evening with a talk at Kabat's hall. "Youth and Blood Streets," it was announced last night, "will be announced last night."

The meeting will be held at 8 o'clock.

WAR ON CHAMBER OF COMMERCE FORGOTTEN
WHEN BENTLEY SOUGHT POST AS SECRETARY

PHOTOGRAPH OF BENTLEY'S LETTER

CITY OF LA CROSSE

A. A. BENTLEY, MAYOR

February 14th, 1920

Mr. F. P. Hixon
Pasadena, Calif.
Dear Sir:

My great ambition is to do some real constructive work, of a permanent nature, for the city of LaCrosse during the last year of this my third term as Mayor.

I have in mind several big matters, among which are the following:

Passage of corrective and enabling Ordinances.
Comprehensive future street improvement program.
Reclaiming and resurfacing our present granite top macadam pavement where same is an undisputed asset.

Wide distribution of adequate sewer service.
Large extension of water mains in sections where patrons are sufficiently numerous to make the investment attractive as an added source of revenue for the city.

Trading the LaCrosse road to the state of Minnesota and its adoption as a Federal highway.
Securing Federal aid in the matter of maintenance of the Mississippi river wagon bridges at LaCrosse, Winona, and Red Wing.

Construction of new school buildings and making needed repairs on ward schools.

Extension of the work of the Public Library by the establishment of a branch in the south end of the city similar to that maintained at present on the North Side.
Rerouting and extension of street car service.
Construction and establishment of a public stock sale pavilion on the fair grounds.

A working plan with the county Board in the matter of expending state aid in the matter of high way improvements and upkeep.

To aid you in the work of city planning and in securing attractive railroad terminals.

This list is only a small part of the work which should be undertaken here in the very near future.

Closer cooperation between the Chamber of Commerce and city officials is urgently needed. Misunderstanding of the motives of public servants has been, in the past a great hindrance.

I believe I could be of unusual service to the Chamber of Commerce at this time as its secretary, and I feel that the Chamber could be of great service to me in the work planned. I do not feel like making application for this position before hearing from you. Please advise me frankly just what you would think of it.

Sincerely Yours,

A. A. Bentley

I prefer that this letter or your answer be given no publicity in the papers. You may submit it to Committee if you wish.

SWISS CITY REFUSES
LONGER TO HARBOR
EX-EMPEROR CHARLES

Federal Council to Inform Former Monarch that He Cannot Remain

BERNE, Switzerland.—By The Associated Press.—The Swiss federal council will inform former Emperor Charles of Austria that he cannot remain in Switzerland, as the canton of St. Gall, in which he is located, does not desire his presence.

Still at Steinmanger

VIENNA.—By The Associated Press.—Reports from Steinmanger, on the Hungarian frontier, received here Saturday, showed that former Emperor Charles was remaining in this frontier town pending the arrangement of certain details for his trip back to Switzerland. A rumor that he would go by way of Italy was in circulation, but it was believed that this probably was circulated merely as a blind to cover the actual plans.

Kaiser Interested

LONDON.—Former Emperor William and the former German crown prince have been watching from Holland with the greatest interest the attempt of ex-Emperor Charles of Austria-Hungary to secure restoration to the Hungarian throne, the Evening News correspondent at Amsterdam reports.

Both the ex-kaiser and his eldest son have been kept well posted by telegraph of the progress of Charles' attempted coup, and there has been much coming and going of prominent Germans during the past week.

The Dutch authorities, however, are watching the Hohenzollerns carefully.

ARREST DAKOTA MAN
FOR RUNNING MOVIE
THEATER ON SUNDAY

Case of Huron Man to be Made Test of Validity of State's Blue Laws

HURON, S. D.—The first arrest in the Sunday "blue law" enforcement campaign, was made late Saturday when Allen Goethal, manager and owner of a local theater, was taken into custody by a deputy sheriff charged with conducting a moving picture show on Sunday, March 27.

The arrest was made on a warrant sworn to by Charles P. Warren, state's attorney. Goethal was released in the custody of the sheriff to appear for a hearing later.

The campaign was inaugurated at a conference between Attorney General Byron S. Payne and state's attorneys here on March 24.

Goethal's arrest, it was said, probably will be made a test case to have the state supreme court determine the validity of the law prohibiting baseball, moving pictures and other amusements on Sunday.

It became known late today that Assistant Attorney General Erwin, under the direction of Mr. Payne, came to Huron early Saturday to bring action against some theater owner here but no developments were expected until Sunday.

Warns Business Men

PIERRE, S. D.—State's Attorney Harry Morner of Hughes county, warned merchants, proprietors of garages, theaters and other places affected by the Sunday closing law, to remain closed Sunday. He said he intended to enforce "to the letter" every Sunday law on the statute books.

MANN LAW VIOLATION
IS CHARGED AGAINST
PASTOR IN NEBRASKA

Minister and Woman Known in Sparta as Mr. and Mrs. Cobert

OMAHA, Neb.—A federal complaint charging violation of the Mann act was filed here Saturday against Rev. Eugene Ackley, arrested at Broken Bow, where he had been acting as temporary pastor of a United Brethren church. It was announced by Frank A. Peterson, assistant United States district attorney.

According to information reaching here, Zephania Wallace, the woman in the case, who also was arrested, had lived in Gillingham, Wis., but that his home address was given as West Lima, Wis.

The woman gave her home address as West Lima, Wis., and is said to have declared that Rev. Ackley, while in Sparta, Wis., went by the name of "Mrs. Cobert," and was known there as "Mrs. Cobert."

Assistant District Attorney Peterson declared he did not know when the case might come up for hearing.

Mrs. Wallace, investigation by the district attorney's office brought out, has been married three times. Mr. Peterson says she told him that once while Ackley was away following their elopement, she escaped from him and got as far as La Crosse, Wis., where she was apprehended by police at his request.

The woman's parents are reported to be wealthy residents of West Lima.

REDUCE NATIONAL DEBT

WASHINGTON.—The nation's gross debt was reduced \$71,580,000 in March according to the treasury statement Saturday which showed the total debt to be \$25,989,110,307.

"I BELIEVE I COULD BE OF
UNUSUAL SERVICE" HE WROTE
SEEKING JIM KINSLOE'S JOBBENTLEY ATTACKS
MAHONEY IN TALK
SATURDAY NIGHT

Takes Issue With North Side Alderman in Latter's Criticism of Him

GRANDMOTHER OF THE MILK
STATIONS TITLE FOR FOWLER

Labor Will Determine Labor's Rights, He Says

MAYOR A. A. BENTLEY devoted considerable time in a campaign speech in Elder's hall in the 1000 block in George street Saturday night to replying to Alderman Mahoney's charge in a published interview that instead of saving the city money in settling the school construction question, the chief executive had in fact, by "bungling" cost the city money.

"The mayor said that he had been misrepresented by Mahoney. He took particular exception to the charge that by delaying the building of the schools the city was compelled to pay a larger interest rate on its bonds. Mahoney figured the additional cost, he said, on the basis of a twenty-year bond issue for the schools; when, in fact, the speaker said, the bonds issued for school purposes were serial securities, running from six to ten years.

"If Mahoney had had his way, they would have been twenty-year bonds," declared Mayor Bentley. "But I want to tell you that there have been no twenty-year bonds issued since I became mayor and I will never sign an ordinance providing for a twenty-year bond issue. On a twenty-year issue you pay an additional dollar for every dollar you borrow. This is not good business in my opinion."

Alderman Mahoney says he has been in the city half 17 years. Mahoney talks more and does less than any alderman in the council."

The mayor repeated his assertion in a former speech, that his opposition to the building of the schools last fall had saved the city \$167,200.

Discussing the market question, he said he had opposed the Evenson market ordinance vigorously, because it favored "a certain class of customers and eliminated competition, the life of trade." He said a compromise ordinance was drafted finally and he favored this.

Discussing the milk station question, the mayor said: "Evenson says he is the father of the milk stations. Fowler says he is for the milk stations too. I don't know where Fowler is going to get in unless he wants to become the grandmother of the milk stations."

"How is Fowler going to give jobs to men? If he has any plan I wish he had given it to me a month ago. I have been doing my utmost to provide jobs for men. We need the jobs now. Fowler may never be elected mayor and we may never get his plan."

"Discussing the labor question the mayor asserted that 'labor will finally determine labor's rights, and the question will not be settled by the moneyed interests.'"

"I am for the removal from office of all men who promise labor certain things before election and vote the other way after election," he continued.

The speaker then launched into a lengthy discussion of militarism and the draft law. He declared that the conscription of wealth to pay the cost of war was the only fair way of settling this question.

There were 110 persons in attendance at the meeting, which opened at 8 o'clock.

PRINTERS FAIL TO AGREE
ON FORTY-FOUR HOUR WEEK

CHICAGO, Ill.—The international joint conference council of printing employers and employees Saturday adjourned to meet in New York on June 27, without reaching an agreement concerning immediate establishment of the 44-hour week advocated by the employees.

TWIN CITIES AIR
MAIL FLYERS MAKE
RECORD FOR MARCH

MINNEAPOLIS, Minn.—The Twin Cities-Chicago air mail service established a flying record of 18,556 miles for March without an accident, Carl Egge, Twin Cities superintendent of air mail, announced Saturday.

ENDORSES THE
PROGRAM HE
HAD FOUGHT

"I Prefer No Publicity" is Postscript to Letter in Which He Proposed Himself for the Job

WANTED TO WORK FOR
CITY, PLAN SAYS LETTER

Urges "Closer Co-operation Between Chamber of Commerce and City Officials"

MAYOR Arthur A. Bentley, who made the fight on the Chamber of Commerce his chief campaign issue two years ago and who opposed the proposals of that organization for various municipal improvements, applied for the \$5,000-a-year secretaryship, when "Jim" Kinsloe resigned.

Coupled with his request for the lucrative job was a promise to carry out the very program of the Chamber which he had been fighting.

Those facts are disclosed by a letter written to Mr. Frank P. Hixon, the original president of the Chamber of Commerce, in which Mr. Bentley sought Mr. Hixon's influence to insure recognition of his application.

Could Help the Chamber

"I believe I could be of unusual service to the Chamber of Commerce, as its secretary," Mr. Bentley wrote Mr. Hixon.

A remarkable "change of front" on the part of the mayor is evidenced by that portion of his letter to Mr. Hixon where he says:

"I feel that the Chamber could be of great service to me."

Mayor Bentley's proposal to join forces with the Chamber of Commerce came within ten months after his campaign in which he played the organization as one whose interests were diametrically opposed to those of organized labor and the common man.

It appears from his letter that Mr. Bentley had no intention of giving up the mayorship but proposed that he hold that job and the \$5,000 secretaryship at the same time.

To Aid City Plan

How complete was the change in views of Mayor Bentley in the comparatively brief period between when he was running for election and when he was seeking a \$5,000-a-year job from the "interests" he had fought in the letter to Mr. Hixon that he wanted "to aid you in the work of city planning and in securing attractive railroad terminals."

Mr. Bentley had previously fought the city planning suggestions of the civic bureau of the Chamber of Commerce and led the fight against a union depot because of which La Crosse is left with a shed for the traveling public for five years.

In the campaign two years ago Mayor Bentley's chief cry against the Chamber of Commerce was that it was attempting to run the city as the "invisible government" of La Crosse.

The Mayor did an "about face" on this point when in his letter to Mr. Hixon he said that "closer co-operation between the Chamber of Commerce and city officials is urgently needed."

That Mr. Bentley did not wish to take the public into his confidence unless he landed the \$5,000 job is shown by a postscript attached to his letter to Mr. Hixon in which he asked that the matter be kept secret.

Bentley's Letter

Mayor Bentley's letter to Mr. Hixon follows:

"CITY OF LA CROSSE

"A. A. BENTLEY, Mayor.

"February 14th, 1920.

"Mr. F. P. Hixon,

"Pasadena, Calif.

"Dear Sir:

"My great ambition is to do some real constructive work, of a permanent nature, for the city of La Crosse during the last year of this my third term as mayor.

"I have in mind several big matters, among which are the following: (Continued on page 12)

AMERICAN GOODS INFERIOR CLAIMS CHILEAN WRITER

Declares South America Will
Have to Trade With U. S.
Nevertheless

'CHILEAN MERCHANT' COMES
TO DEFENSE OF U. S. GOODS

What's Good Enough for U. S.
Will Do for S. A. He Says

SANTIAGO.—The South American countries will be commercial clients of the United States so long as they are not able to avail themselves of more advantageous markets, says the newspaper *El Mercurio* in an editorial in which it asserts American goods "ordinarily are of inferior quality."

The paper says the war permitted the United States to enter into commercial relations with the South Americans which "by force of necessity" were obliged to accept. America's "strong systems, diametrically opposed to those that had been used by the great producing nations of the old world," it is well known, the paper declares, that the methods employed by the North American exporter differ notably from those followed by the exporters of Great Britain and above all by Germany.

"The American goods apart from being ordinarily of inferior quality are costly," the paper adds, "and in addition the goods are badly packed. This results in heavy losses. Moreover, the Americans do not concede credit and if they do concede credit it is on terms little acceptable."

Replying to the newspaper's charges of inferiority in American merchandise, a writer in the newspaper *El Mercurio* signing himself "Chilean Merchant" says, "If American goods are consumed by 150,000,000 Americans and Canadians—in fact by nearly half the population of the universe—are you not able to be assured that American merchandise should be good enough for the South Americans?"

Answering the newspaper's assertion that American export methods are entirely different from those employed by the Europeans, the "Chilean merchant" says there are two reasons for this: first, because the Europeans have demonstrated that their system of selling has not been beneficial since "it only has facilitated fictitious businesses without foundations, resulting largely in heavy losses through bad arrangements or bankruptcies," and secondly, because the Europeans are not able to "day to extend long term credits through lack of means. The Chilean merchant thinks the period of long term credits has passed never to return, and continues:

"What occurred here in Chile before the world war? A foreigner would arrive and set up a business with, say, 20,000 pesos. He then received visits from the salesmen of European firms who would deliver him merchandise. At the end of two years he would have a credit with these houses for more than 200,000 pesos. At the end of another year he had declared bankruptcy—accidental or fraudulent—this occasioned heavy losses to the European creditors."

The merchant adds that Americans always have extended credit to serious firms that respect their obligations and do business on a solid basis.

5 TO 9 OR 40 TO 44?

Then Beware of Perils of Sleeping Sickness

WASHINGTON.—Sleeping sickness, which is baffling medical men, was observed in Europe in 1712 and 1745.

Records of the U. S. public health service on the sweep of the malady are incomplete, only 30 states having submitted figures. Intensive studies in nine states last year established that:

Epidemic greatest in March.

Most susceptible ages are 5 to 9 and 40 to 41.

Old people are seldom affected.

Sixty per cent of victims are males.

40 per cent females.

Onset is gradual in 71 per cent of cases.

Death rate in sudden onset cases, 60 per cent.

Death rate in gradual onset cases, 22 per cent.

Do Animals Commit Suicide

A correspondent writes: "I have seen a deer, chased by wolves, jump over a precipice to death. Mink, muskrat and other animals of this kind will down themselves rather than suffer the pain of the trap."

Have also witnessed a rabbit, chased by its deadly enemy, the weasel, leap to death or drown itself."

MY TIRED FEET
ACHED FOR "TIZ"

Let Your Sore, Swollen, Aching Feet
Spread Out in a Bath
of "Tiz"

Just take your shoes off and then put those weary, shoe-riddled, aching, burning, corn-pestered, bunions-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses, and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous excretions which puff up your feet and cause foot torture.

Get a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

PROBE FINANCIAL STANDING OF CO-OP STORES IN DAKOTA

April 9 Set as Date for Hearing
on Affairs of Bankrupt
Concern

FARGO, N. D.—Hearing on the financial condition of the co-operative stores company fostered by the Non-partisan League in North Dakota will be held April 9 in the state district court at Minn. The company, which recently went into voluntary receivership, continues to do business with W. C. Johnson of this city, its secretary-treasurer, as receiver.

This is the fourth year of the Consumers United stores, and it is today operating 37 stores and a creamery. It has 10,000 members according to Mr. Johnson, and "with any kind of crops and any kind of prices this year will overcome its financial difficulties."

Mr. Johnson attributed these principally to drought and fire years of crop failures in western North Dakota. He said that the company had issued stock to the amount of \$981,000 and that \$250,000 was represented by unpaid notes. Most of these notes, he said, were held against farmers in the Northwestern part of the state where the drought had hit hardest.

Other reasons given by Mr. Johnson as contributing to the company's straits were the collapse in grain prices, a slump in business caused by the mild winter and falling prices.

which caught the company with stocks bought at highest prices. Goods handled consist mostly of groceries, shoes, tires, work clothing, kitchen utensils and made to order suits.

While contracts under which stores were placed in a community provide that earnings after the initial \$10,000, which is to go into a store building, may be used in part for educational work along co-operative lines, Mr. Johnson said that no money had been expended for the purpose.

The company's largest creditors are the closed Scandinavian-American bank of Fargo, and the People's State bank of Grand Forks, both of which were regarded as friendly by the Non-partisan League. The co-operative company owes the first named bank \$100,000 and the latter \$12,000, its total owed to banks aggregated \$50,000.

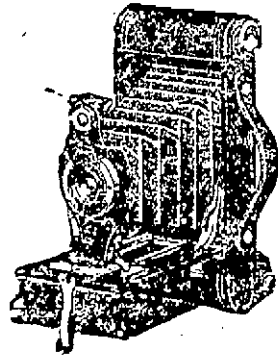

Strange Second Party
I visited an aunt, who had a small boy, and a year later went there with my husband on our honeymoon. We were both taken in to see the little boy in his crib. He was asked if he remembered me. He looked up shyly and said: "I remember Rita, but I don't know the man of her."—Chicago Tribune.

Appreciate Cucumbers

In Cairo and Alexandria, Egypt, cucumbers are truly appreciated. They are developed to their utmost and are much eaten and liked by the natives. Moreover, the beautiful women understand the value of cucumber juice, and it is squeezed from the vegetable for them to use as a lotion for the skin.

Cairo has more than 260 mosques.

APPAREL For SPRING

Now is the time to choose your Spring Suit, Wrap or Coat of some description. We have a good assortment of anything in a ready-to-wear garment at prices that will suit any purse.

Misses' and Ladies' Coats, Capes and Wraps in all new materials, including Bolivia, Ivory, Velours, Tricotines, Serge and Satins; straight line, full backs, cape sleeves; self colored, yarn and braid embroidered trimmings, in all leading shades. One look will convince you that our prices are right—

\$22.50, \$25.00 and up

Plaid stripe and plain colored Skirts, tailored, box pleated, side pleated in plain and good assortment of colors, priced at—

\$9.00 and up

Jersey Skirts in plain and heather mixtures, brown, tan, copenhagen and rose, just the thing for outing wear—

\$5.75 and \$7.50

WHITE GOODS

Time to prepare for white summer wear. There is a saving in yard goods this spring, and a material one.

Organdie—45-inch, at \$1.00, \$1.25, \$1.50, \$1.75, \$2.00—check and stripe and plain. These are all round thread hard twist and we know are all superior quality.

And don't forget the kiddies on fine check and stripe dimity, 40c, 50c, 65c, 75c a yard.

SILK SECTION

Some Crepe de Chine check came this past week. Elegant quality in tan and brown, gray and navy, black and white. 40-inch, for both waists and dresses.

Plenty of plain color Taffeta Silk now, in plain colors.

Silverglow and Silk and
Wool Yarn for Spring
sweaters. We will teach
you the new stitches, elegant quality in yarns, all colors.

Quality Millinery

We are determined to make you realize that! We have the best showing of Hats we have ever had—Style, Quality, Individuality—with price as the last consideration, because we have a quality hat at the price you wish to pay. Don't take our word for it—shop around and make us prove it.

THIRD FLOOR
Rug and Drapery Section

HOME CRAFT WEEK

April 4th to 9th.

THE STYLE WEEK FOR THE HOME.

It is not only the materials for curtains, it is not only the actual made-up Curtains which we offer you during Home Craft Week, but even more than that, it is a real interest in your personal window problems and a real desire to help with the needs of your individual window draping difficulties that we offer you.

And remember, your window drapes are the only part of your home furnishings seen by the world at large—the world's only index to your personality. That's what makes our Home Craft Week display so important to you.

SECTIONAL CRAFT-LACE

In sectional craft-lace the design is heaviest where it should be heaviest—at the bottom of the window, and it is most transparent where transparency is demanded to give you a view of outdoors, being woven in complete nine inch "repeats" sectional craft-lace cuts without waste to fit any window, at 60c to \$4.00 per Section.

UMBRELLAS

April showers will soon be here. Don't wait until you are caught in a rain storm—get one now.

Every Umbrella here is a paragon frame, American taffeta covered—\$2.50 and up to \$6.50—in black.

Umbrellas in colors for rain or shine, \$5.00 and up. These are all pure silk, club lip, black, navy, green.

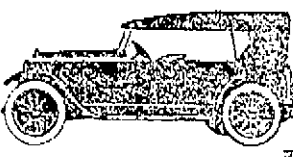

NOTION SECTION

Good quality Notions and only good quality. We have all widths of Pick-Rack Braid, all widths bias seam tape, white and colors—Collar Bands, Shields, Pins, Needles, Hook and Eye, Buttons and everything in the line of sewing articles.

SPARTA LITERARY CLUB CLOSES WORK WITH A BANQUET

Miss Minnie Meyers and Guy Ward are United in Marriage by the Rev. Joseph Morris

SPARTA, Wis.—The Sparta Literary club closed its season's work for 1921, with a banquet at the state school home of Dr. and Mrs. Prince, on Monday evening of this week. The committee on the banquet was: Mesdames Spencer, E. Beebe, Harry M. Newton and William R. Crosby, and a number of high school teachers acted as servers. The following menu was enjoyed: Michigan Puree, Miss-souri nuts, creamed chicken, Maryland style, hot onion biscuit, Boston shrimps, New Jersey sweets, California shrimps, Florida conserve, California sherbet, Sparta relish, coffee, sunny south salad, Georgian crackers, cheese puffs, golden sauce and Wisconsin cake.

The banquet was spread in the large living room at the Prince home. The call response was "Greetings by Paulous Americans." Rev. E. E. North sang, "O Lord, Where the West Begins." Toasts were given by J. W. Somerville, P. C. Bray and Mrs. Spencer D. Beebe. Quartette music was rendered by Messrs. S. D. Beebe, E. E. North, H. M. Williams and W. R. Crosby. The club sang "Beautiful America" and "America." After the enjoyable social hour, a business meeting was called, at which time, E. E. North was elected president for the coming year, in place of P. C. Bray; Dr. Prince was chosen vice president; Mrs. H. M. Newton, secretary, and Mrs. William R. Crosby, treasurer.

The Knights Templar of Sparta, to the number of forty, met at their hall Sunday morning and marched in a body to the First Congregational church, and joined in the Easter ritual of the order. Rev. J. S. Morris, who is a Mason, assisted in the ritual and delivered a splendid Easter address. The choir of the church, numbering about thirty, rendered some excellent selections. It was a most enjoyable and uplifting service. The edifice was filled to its capacity.

Miss Minnie Meyers, daughter of Mr. and Mrs. John Meyers of Putnam Bridge, and Mr. Guy Ward of Sparta were united in marriage at the Congregational parsonage on Tuesday evening. Rev. Joseph S. Morris performed the ceremony. Mrs. Ward, a sister of the bridegroom, and her husband attended the couple. Mr. and Mrs. Ward have begun housekeeping in a home they have furnished on East Main street. The bridegroom will be engaged in the ice business this summer with his father, C. E. Ward.

A large crowd enjoyed the excellent musical program given in the Congregational church, Tuesday evening, by the Beloit College (Ile) club. The boys put on a stronger program this season than ever before, and it met with hearty approval.

The Ladies' Aid club met Monday afternoon with Mrs. H. W. Jefferson. Friday evening the girls from Lawrence college gave a concert in the M. E. church. There were about thirty girls in the club and they were assisted by Miss Gertrude Graves, concert soloist and directress and Gladys Brinard, concert pianist. A pantomime and play were presented under the direction of Mary Margaret Arens, director of dramatic expression at Lawrence. Elaborate Easter services were

given in the Methodist and Congregational churches, St. Patrick's and other churches in the city.

The beautiful Cantata by Under-Back, "Christ the Victor" was given in the Congregational church, by the Choral Union, under the direction of Prof. James H. Kerr of La Crosse, who has had charge of the rehearsals of the club for several weeks. The choir of the M. E. church presented the Cantata, "The Resurrection and the Life" by Wilson, under the able leadership of Rev. E. E. North.

The regular monthly meeting of the Plus Ultra class will be held April 10 at the home of Mrs. Frank Swartzlow. A picnic supper will be served. Every member of the class is urged to be present and to bring a new member.

Mr. and Mrs. E. T. Huls entertained Thursday evening at a farewell party for Mr. and Mrs. C. E. Oils, who have left the city for their new home at Racine.

The Loyal Sisters were entertained Friday afternoon at the home of Mrs. J. A. Paul on North street. The

occasion was the birthday and wedding anniversary of one of the members of the club. A five course luncheon was served, and the birthday cake was cut by the guest of honor. It was one of the most enjoyable gatherings the club has had.

Mr. and Mrs. Louis Lohke entertained the 500 club at their home on 11th street last week.

The Ladies' Aid society of the Zion Evangelical Association church met with Mrs. Jacob Walters on Thursday afternoon, at three o'clock.

The Alexandria club met Tuesday, March 29, with Mrs. L. H. Phillips on North Water street.

The Royal Neighbors' Sewing circle met Friday April 1, with Mrs. Ray Guy, at her home on South Benton street.

Mrs. A. J. Jewell entertained a company of friends at her home on East Montgomery street, one evening last week.

Mrs. Anna Isensee attended the state camp meeting of the Royal

Neighbors which was held at Racine. The following appointments for the seven district were made at the session to attend the Supreme Camp at Cleveland, Ohio:

Allie Barrett, Racine—Alternate, Amanda Plummer, La Crosse.

Sadie Albright, Neillsville—Alternate, Anna Isensee, Sparta.

Rose Apolomon, Bloomington—Alternate, Mattie Pierce, Adrian.

Little Geneva Thome entertained thirteen of her friends, at a birthday party, at the home of her parents, Dr. and Mrs. Thome, on March 17.

The occasion was her ninth birthday. After a pleasant afternoon spent in playing games, and enjoying music, the little folks were served a dainty supper, the table decorations being in green and white.

The girls of the cooking class of the high school, gave a six o'clock dinner to the teachers in the Ward school last week on Tuesday evening, and to the high school teachers and members of the school board and their

wives Wednesday evening. The dinners were excellent and reflect much credit on the domestic science department of the school.

H. W. Barney has been elected president of the Bank of Kilbourn, filling the vacancy caused by the death of his brother. Mr. Barney has taken the position temporarily, pending a reorganization of the Kilbourn bank, so the honor does not mean that he will leave Sparta, as his home town.

The citizenship meeting, which was to have been held at Cataract last Tuesday evening, was postponed because of the bad condition of the roads. Mr. H. O. Doxrud, clerk of the court, held the meeting there on Friday April 1.

City Treasurer C. T. Lamson made his returns to the county treasurer on Monday.

A large number of the Sparta young people who are attending the higher schools in the state, have been

spending their Easter vacations in the home town. A number who are teaching in other cities, have also been spending this Easter season at home.

Wednesday noon, the basketball team of the Sunday school class of William Benedict, went to Tomah to play the Tomah Midgots. The Sparta

boys, "the Evereadys," lost to the Tomah team in the score of 30 to 11. The game was played in the gymnasium at the Tomah Indian school, and following the game, the Sparta boys were guests of the Superintendent of the Indian school, Mr. Compton, until the next morning.

LARGE PIMPLES ITCHED BADLY

Red and Scaled Over. Could Not Sleep. Cuticura Heals.

"My face broke out in large, red pimples, and they festered and scaled over and then dried up. They itched so badly that I could not sleep at night, and my face was a mass of sore eruptions."

"I tried everything I saw advertised but nothing did me any good until I got Cuticura Soap and Ointment. Now my face is clear and smooth, and I only used one cake of Cuticura Soap and two boxes of Cuticura Ointment to heal me." (Signed) J. H. Williams, 297 Cordonia Ave., Detroit, Mich.

Make Cuticura Soap, Ointment and Talcum your daily toilet preparations and watch your skin improve. Sample Book Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden, Mass." Sold everywhere. Soap 25c, Ointment 25c and 50c, Talcum 10c. 25¢ Cuticura Soap shaves without soap.

SPECIAL PURCHASE SALE

Continues All this Week

200 Suits arrived just too late for Easter showing. Bought at a great concession in price---will be offered at much less than they were intended to sell for.

Most opportune indeed is this remarkable offering of the season's smartest suits—coming, as it does, right after Easter. Of course there is a reason—therefore you are the one to benefit by the late shipment. Come in and take your choice.

We Have Placed them in Three Groups:

\$35

There will be a real surprise in store for the woman or miss who has thought it necessary to pay a real high price for her Spring Suit. She will find wonderfully good looking tailored, semi-tailored and ripple styles in

Serges—Tricotines

They're remarkable values at this special offering.

\$50

These are such wonderful values—each one exhibiting some very new style features. How lucky the woman or miss will be to choose a suit from this vast assortment and at such a low price—truly you will be surprised.

SERGES, TRICOTINES, POIRET TWILLS, VELOUR CHECKS

Just imagine a smart looking suit at this price.

\$65

It cannot but be a great satisfaction to select such quality and individuality at such eminently reasonable low price. We present Suits for both specialized and general wear and each model is a distinct compliment to your spring attire.

PIQUETTE, POIRET TWILL, TWILL CORD, TRICOTINE, VELOUR CHECKS

For longer wear and better roof protection

Life-long roof service. Complete weather protection. Strong fire-resistance. Unusual attractiveness. These are the qualities which are combined in the Vulcanite Self-Spacing Shingle.

For this exclusive shingle is made from tough fibrous felt thoroughly saturated with asphalt. This makes it durable and weatherproof. It is surfaced with crushed slate in its natural colors of green or red. This makes it attractive, fire-resisting and even more weatherproof.

See this improved shingle. We will be glad to tell you.

See this shingle at

La Crosse Lumber & Supply Co.
820 N. Third St. Phone 240.

A REAL MEAL

Just think of the variety to select from.

NEW DAIRY LUNCH

"THE CHURCH AND THE COMMUNITY"

The Address of the Rev. W. E. Dudley of Winona, Before the Joint Meeting of Four Church Brotherhoods Last Tuesday Night

The Rev. W. E. Dudley of the Congregational Church, Winona, was the principal speaker at the joint dinner-meeting of four church brotherhoods last Tuesday night in the Chamber of Commerce. Mr. Dudley declared it was necessary for the church to reach out in the community and make its influence felt in that way, that the church was intensely human and that to perform its mission it must begin at once on a slow, tedious grind to achieve its goal. His address in full follows:

A MINISTER once informed his congregation that it was his intention to go on a mission to the heathen. Many of the leading members of his church were anxiously concerned, and their minds were not set at rest until he made known the fact that to go on a mission to the heathen would not necessitate his leaving town. I have no doubt that La Crosse upon any missionary enterprise, although the truth is we are all seriously lacking in the high ideals of life.

I had thought of bringing some homages to this meeting tonight, but I once heard a man whose speech was said in flowers, and the other became so sickening that we had to open the windows. The last time I distributed of homages is a man well on his way to the cemetery. "The fact is we are living in the most urgent era of history, and the need of the hour is real and decided men of the fighting type. There are three types of people in every community, the evidence in every proceeds upon the theory of "Eat, drink and be merry for tomorrow you die," the pessimist who says that all is wrong and the world is going to the bow-wows, and last, the optimist who realizes that something is wrong with the world, and immediately sets out to set things right.

Hopes to Improve Things
No sane man expects the millennium, but every real man does hope to improve things a little. We must face conditions as they are. This world is no place for goodly people. A very high minded daughter once told her father that she would not marry any man who smoked, chewed tobacco, played cards, belonged to clubs, stayed out late in the evenings. The father looked at his daughter very sorrowfully and said, "My child you are but a stranger here, heaven is your home." We are dealing with faulty people, and the problem is to honestly face our short-comings and provide the remedy. The most hopeless individual of the community is not the man who has faults and shortcomings, but the man who refuses to co-operate in carrying out a program of reform. We have talked too much about the wrongs of the world, and too little about the efforts that have been put forth to right such wrongs. There are some things that even the church must do if the church is to remain a dynamic force in this modern civilization. We must link up the community with the church. It is an obvious fact that whilst the spirit of every church building points to heaven, the foundation is built upon the earth. If there is anything in religion at all, it belongs to the common people. When the church becomes a social club or a sort of an institution where the main object is to selfishly culture one's own soul, it has ceased to function. It begins here upon earth and if we fail to establish community contacts with our fellow men, it is ridiculous to think of trying anything together in a hereafter.

What Churches Must Do
What are some of the things the churches must do? First, we must convince people that we are living in a constantly progressive era, in which the world is gradually becoming better. The calamity bowlers say this is not true, but history is against them. I am not so much interested in the fall of man, as I am interested in the ascent of man. God knows we feel the bumps enough. The man on the street wants to think in the upward trend of things. There is of God's upward stride through the centuries. The ancients believed that this was the one and only world. Copernicus with the theory of the revolution of the celestial orbs revolutionized the primitive conception, although he was compelled to keep his book in his study for thirty six years. It was during the first six years of his life that he was in civilization. We have created the first great cities, may owe a responsibility to the people, but God owns us, and we owe a responsibility to the people. The common people, Christ came to the common folk, and upon the earth and heaven emphasized the fact of the rise of worlds from low glory of God. The church must refigure the common place by a new birth to celestial destinies. One of the big troubles of the church lies in the fact that we have been awkwardly static, and the main school is a supreme spiritual fact.

All men are potentially celestial. As citizens of our community we are responsible for one another. The individuals who ride up and down the streets of our cities in their glass enclosed "lemon-zons," and who say that they do not care what becomes of humanity are parasites and the breeders of anarchy. Wealth is a trust and thank God there are wealthy families in all our communities who are the salt of the earth. Such people we need, but snobbish and superior affection in this great democracy is the birth of the devil. Our hope is in the multitude and Mazzini once said, "Whoever will spiritualize democracy will save the world."

Don't Exclude Common People
There is such a thing as having a church so expensive and so exclusive as to make it impossible for common people to belong to it. The church must face this problem of community stewardship. The very fact of the rapidly increasing population of the earth makes an attitude necessary. Some one gets ahead to the favorite public ground, and we have to be sociable or depart for another place. This idea of brotherhood is not an impossible dream. A little over fifty years ago the institution of slavery existed in this country. The churches were divided upon the matter, because slave owners supported the church. The dollar was more important than the skin of an Ethiopian, much less his God. Twenty years ago child labor, produced economic goals for a bare, gain hunting public, and sweat shops produced, "The Song of the Shirt." Business was based upon self-gain, and industry in general treated labor as a commodity. New conditions are rapidly changing and the human welfare element enters into all departments of life. We are coming to see that the worst man in the community is not the man who may still become the best.

Must Build Community Conscience
Then again, the church must be the builder of a community conscience. It's quite a job to find a collective conscience in our communities. We have talked so much about sin in its metaphysical and theological aspects, the results being that our communities are now almost unsafe to live in. Organized religion in many instances is simply out on negative parade with neck bayonets and wooden guns. Bandits are defying the law, and open cities are boasting their freedom, innumerable influences are creating in the youth of this country criminal instincts, for which some day America must pay the price.

What are we doing as churchmen to eradicate such conditions? Are we asleep at the post, if so then the Gods have our number. I have known some men who think it more popular to keep quiet upon community questions. I would not wipe my feet upon that kind of popularity. The church of God is not a green house but a fortress; not a fashion emporium but an arena for action. There is the threatening danger of an indiscriminate communism, founding homes for our children, and the disgusting cases of men who destroy purity for a bundle. And in our country there are conditions in which liberty has become license, and a disrespect for law and order, the coming ground of revolution and anarchy. We need some of the elements of Puritan vigor these days. Many of the Puritan characteristics are not desirable, but their deep faith in God and their confidence in pure and decent living is worthy of emulation.

Quick Action is Held Need
We cannot afford to wait. If we do not quickly establish a new ethical standard in the hearts of the people the criminal waves of wickedness will overwhelm us. The tragedy is that so many stand apart because they have had differences. They will not make in the great war against the force of Mammon. Wickedness puts on a bold front by impregnable combinations, whilst church people are afraid of getting together. It may be that the denominational progress, thus the influence for good is retarded. A small boy was once asked to define the difference between a cherubim and a seraphim. He replied, "The cherubim and seraphim once had a difference but they've since made it up." There is something sadder than our own pet theories, and that is the Kingdom of God. When it comes to the redemption of the world we Christians have to get into a positive frenzy of earnestness by putting every effort into the battle that right may triumph. I do not know why some triumph, I do for their mother's sake. I have no complaint to make. I am an underdog once told me, "Mr. Langdon your mother-in-law is dead. Shall we embalm, bury or cremate?" The answer came back immediately, "Embalm, bury and cremate, don't take any chances." That is precisely the attitude the Christian church must take toward the conditions of this age. There must be the establishment of a community conscience, and the creation of such should be the main function of the church.

Again I wonder if we have done our duty as churches in regard to the human element in our community. We belong to one another. That before during to publish it. Later is a new note in civilization. We have created the first great cities, may owe a responsibility to the people, but God owns us, and we owe a responsibility to the people. The common people, Christ came to the common folk, and upon the earth and heaven emphasized the fact of the rise of worlds from low glory of God. The church must refigure the common place by a new birth to celestial destinies. One of the big troubles of the church lies in the fact that we have been awkwardly static, and the main school is a supreme spiritual fact.

What Made the Wild Waves Wild
They were at the seaside with the well known moon overhead. She was ended in his arms and for hours they had been murmuring sweet nothings. Finally she said the word that made him the happiest man in the world. The moment of sweet sorrow of parting came and, after a long caress, he tore himself away and dashed toward the station. But just as he disappeared, the look on her face changed from joy to consternation, and a sob rose in her throat. "Great heavens!" she wailed. "I clean forgot to get that fellow's name."

Keep Alive Sense of God
Last of all the church must keep alive the sense of God in the community. God is immanent in His world and He has more to do with our affairs than most people imagine. Some say, "Why worry about God, He is far distant and too mysterious." There is no argument in such a position. We live amid mystery, and we are ignorant of the things we imagine we understand the most. All these qualities encompass us, as planets the central sun, and yet such common manifestations transcend us and baffle all. There is no transcendence save in the law and purport of a supreme being.

There are those also, who feel that God is not necessary. A poor woman once had her husband arrested and when later she saw him in the dock awaiting penalty for family ill-treatment, said to the judge, "You see, time and I'll leave him to his God?" "Oh no," said the judge, "it is far too serious a matter for that my good woman." I have an idea that nothing is too serious for God, and what the communities need most in this supreme hour of crisis is more faith in the Infinite. New fangled philosophies, the adoption of little tin deities, the pull of philosophical cults, are all insufficient. As churchmen we need to rise to the towering heights of loyalty and devotion to a higher power. The fundamental sanction of civilization is at heart the religious sanction, and our task is the lifting up of our communities to the higher platforms of the Divine requirement. "God's in His heaven, all's right with the world." Such triumphant faith must be at heart the foundation of all our striving.

I speak in this spirit of confidence because history is behind and unwritten volumes of the Divine purpose stretch into the illimitable future. Upon the shoulders of the churches of this twentieth century falls the great mantle of Divine opportunity. In the dynamic of such a challenge the nations of the world will eagerly respond. Hence, citizens of a mighty republic it becomes our destiny to toil and suffer, until every hill and valley of this great America, blessed to life by the slaken folds of OLD GLORY, shall become the happy dwelling place of a people consecrated to the four paramount ideals I have attempted to talk to you about tonight. In this wonderful meeting representing the down town churches of the city of La Crosse.

Expect pearl divers in the South Pacific will remain under water for as much as three minutes.

Dr. Scholl's Foot Comfort Week
Come to This Store
If you have tender, hurting or burning feet, corns, bunions, enlarged joints, callouses, cramping toes, weak or broken down arches, "rheumatic" pains in feet and legs or any other foot trouble, you can get complete Foot Comfort by coming into this store and let our foot comfort expert examine your feet and advise you without charge. He has been trained in the methods used by Dr. Wm. M. Scholl, the recognized foot authority, and is competent to advise you.

Dr. Scholl's Foot-Examiner Examines Your Feet
Gives immediate relief. Supports the arch properly. Worn in your regular shoes.

Dr. Scholl's Bunion Reducer
Protects the bunion or enlarged joint. Causes reduction through absorption because it retains the natural warmth and moisture. Made of soft rubber. Worn in lightest slippers or without detection.

Dr. Scholl's Toe-Flex
Straightens the toe, prevents overlapping and removes the cause of bunions. Perfectly comfortable.

Examination and Advice Free
We know how to adjust and fit the Dr. Scholl's Appliances to your individual needs so as to assure immediate relief and quick correction of the trouble. These little, scientific devices require no larger or odd shaped shoes. Permit the wearing of well fitting, smart shapes, with comfort, and distinctly improve the foot appearance. Come in now, next week or any time.

Dr. Scholl's Foot-Examiner Examines Your Feet
Gives immediate relief. Supports the arch properly. Worn in your regular shoes.

Dr. Scholl's Bunion Reducer
Protects the bunion or enlarged joint. Causes reduction through absorption because it retains the natural warmth and moisture. Made of soft rubber. Worn in lightest slippers or without detection.

Dr. Scholl's Toe-Flex
Straightens the toe, prevents overlapping and removes the cause of bunions. Perfectly comfortable.

Examination and Advice Free
We know how to adjust and fit the Dr. Scholl's Appliances to your individual needs so as to assure immediate relief and quick correction of the trouble. These little, scientific devices require no larger or odd shaped shoes. Permit the wearing of well fitting, smart shapes, with comfort, and distinctly improve the foot appearance. Come in now, next week or any time.

BRITAIN CONFRONTED WITH NECESSITY OF RATIONING ITS COAL

No Disorder Reported in Strike of Miners; Mines Becoming Flooded

LONDON.—By The Associated Press.—No serious disorders have occurred as yet in the great mining strike, although a number of the coal mines have been left by the pumpmen and engineers to be flooded, and the men are said to be displaying an anger and temper especially in South Wales. There is a much wider withdrawal of the engine men and pumpmen, and the government is taking all necessary precautions.

It is expected that on Monday rationing of coal for lighting purposes, householders being reduced to one hundred weight weekly, and factories and business concerns to fifty per cent of their normal consumption. Food supplies are ample for the present, according to the board of trade, and there is no anxiety on this score, unless a break-down in transport occurs.

JOHN SIMPSON, 76, PIONEER OF MONROE, BURIED IN TOMAH

TOMAH, Wis.—The death of John Simpson, one of Monroe county's pioneer residents, occurred on March 27, at Tomah City, four miles north of Tomah. Mr. Simpson was seventy-six years old and came to this country from Schenectady, N. Y., more than a century ago. He was buried from the Tomah church, and is survived by his widow and one son.

The plant of the Mabbett-Harper Tobacco company has resumed operations after a three months' shutdown. Hands are being extensively advertised for and the plant will soon be operating with a larger force than has ever been employed.

Final burial services for Private Otto Bell, Company B, 121st Machine Gun Battalion, were held in this city under the auspices of the local American Legion. Private Bell's old comrades of Co. B, acted as a guard of honor and a firing squad and a bugler from their number sounded "raps." The dead World War hero was a resident of Coles Valley, near Sparta, and is survived by his parents, Mr. and Mrs. William Bell. The body of Private Bell was returned to this city from France where he died in a hospital on Sept. 4, 1917.

WONDERFUL DOLLS THAT CAN TALK TO APPEAR HERE

There is a mistaken notion about marionettes being playthings fit only for children's amusement," said Laurence Clarke, who is presenting Lilian Owen's Marionettes here April ninth under the auspices of the Community council.

He admits that the marionettes are only dolls, but explains that they are wonderful dolls that can talk, sing and dance, can create effects utterly beyond the power of the regular stage. For instance, if a play demands that a mad bull toss the hero over the fence, this actually happens on the puppet stage. Moreover in puppetry there is no conflict between the personality of the actor and that of the character he is trying to portray. They are, Mr. Clarke admits, a unique medium for action but quite as capable as either the stage or the screen of presenting drama adequately.

POLICE SEEK NEGRO IN CONNECTION WITH DEATH OF PRIEST

DETROIT, Mich.—Police of Detroit and Wyandotte, a suburb, were peering their search Saturday night for a negro representing himself as a clergyman, for questioning in connection with the slaying of Rev. Leo Jarecki, rector of Our Lady of Mount Carmel church.

The negro, said to have been connected with a Baltimore mission, had been refused permission by Father Jarecki to collect donations in the Wyandotte parish.

GERMANY PROTESTS AGAINST PRESENCE OF FRENCH TROOPS

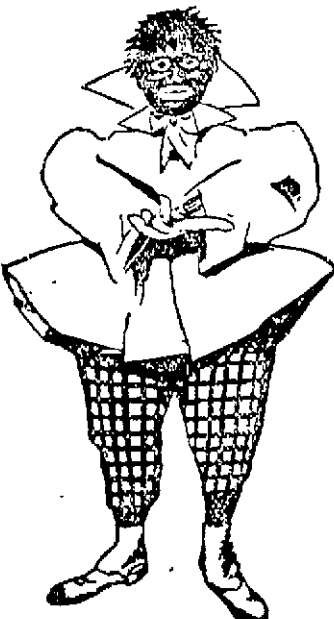

GENEVA.—By The Associated Press.—Germany has sent another note to the secretariat of the league of nations, protesting the presence of French troops and exercise by them of military jurisdiction in the Saar territory. She considers these measures contrary to the Versailles treaty and demands that the protest be sent to the members of the league, who, she says, should decide upon the question.

GREEK TEACHERS IN U. S. COLLEGE FACE TURKISH WAR COURT

ANGORA, Asiatic Turkey, April 1.—Greek teachers in the American college at Maras, about 110 miles northeast of Angora, have been court-martialed by the Turkish nationalists.

MINNESOTA EDITORS PLANNING OUTING

MINNEAPOLIS, Minn.—Plans for the annual outing for Minnesota editors, publishers and newspaper men were announced Saturday night by H. P. Phillips, president of the Northern Minnesota Editorial association. Dubut will be the "float time" headquarters, with steamship, automobile and rail trips to points on the Great Lakes and Iron Range. The outing will be July 21 to 24, and more than 500 are expected.

"Dad" Marshall sings "Ain't We Got Fun" in the Big Legion Minstrels

FORTY FIVE MEMBERS RECEIVED BY YEOMEN WEDNESDAY EVENING

At the special meeting of the Yeomen Wednesday evening forty-five of the eighty new members written during March formed in line headed by Arthur Roberge, to receive the full initiation.

Those taking part in the work were: George, Anna, Lee, Ivanhoe, Ryan, Larson, Lady Rowena, Madeline, Lady Louisa, Clara, Larsson, Corinne, W. C. Faber, Everett, Bertha, Lang, Clara, Richard, J. B. Murray, watchman, Linn Wachsmuth, senile, Carl Danielson, Rick of Agass, Hogan, Charles, Lecky, Steiner, leaders, John Logan and Miss Steiner, pianist, Clara Wagner.

During the initiation the songs were sung by Walter Wagner. After the initiation short talks were given by Arthur Roberge, Arthur Roberge, Dr. Crowell, Wm. Doeringer and Harry Burrows. Mr. Doeringer held these present speeches with a number of selections on his musical glasses, selected by Ruth Coppen at the piano. Mrs. Lee gave an original poem and the La Crosse quartet, under the management of Walter Doeringer, rendered several selections that were well received. Elmer E. Smith of Oshkosh, Wis., state manager, was the principal speaker, who gave an interesting and interesting talk on Yeomanry.

Punch was danced throughout the evening and dancing continued the evening's entertainment. A number of members from Victory and Perryville were present.

The next large class will be taken in on May 5th and the ladies' team will have charge.

ALLIES TO ENFORCE CUSTOMS PENALTIES IMPOSED ON GERMANY

CORLENZ.—French customs officials to the number of 280 and fifty Belgians arrived in Corlenz Saturday and departed for the limits of the zones of occupation. They will be ready to begin enforcement of the allied customs penalty on Germany as soon as the allied commission in the Rhine-Ruhr receives official notice that the council of ambassadors in Paris has approved the system.

British, French and Belgian representatives will handle the American zone. The actual work will be done by German functionaries, under the supervision of allied officials.

RADICAL ARRESTED IN MEXICO TO BE DEPORTED TO U. S.

MEXICO CITY.—Liam A. Gale, a radical and American draft evader, who was arrested by the Mexican federal authorities, will be deported to the United States, starting for Laredo on El Paso, Sunday, according to an authentic information received late Saturday. He will be met at the border by United States agents.

Gale for more than three years has published a monthly magazine here, which of late has been sharply critical of the Obregon administration. Inquiries at commissariat headquarters disclosed that his wife "had accompanied him."

BANDITS USE GUM TO FILCH BONDS FROM BANK WINDOW

BALTIMORE, Md.—Reaching through the grating of the post office's window at the Citizens bank, in the heart of the shopping district today, three men succeeded in stealing \$2,850 worth of Liberty bonds, using sticks to which were attached bits of chewing gum, to draw the bonds from the shelf behind the window. Then they walked out and disappeared. The officer was absent from the cage at the time.

FIFTEEN THOUSAND RENDERED HOMELESS BY FIRE IN MANILA

MANILA.—By The Associated Press.—Fifteen thousand people were rendered homeless here in a fire Sunday night, the most destructive here in more than twenty years, which destroyed 2,500 houses in the northern section of the city, a native quarter known as the San Lazaro district. Two bodies were found in the ruins.

CARD OF THANKS

We, the undersigned, desire to express our sincere thanks to the friends and neighbors for their kindly assistance and sympathy during our recent bereavement, the illness and death of our beloved father, John M. Weber. Especially do we thank Rev. Ruppel, the ministers and those who were present at the funeral.

ELLA LAWRENCE, TEACHER OF SPARTA, BURIED WEDNESDAY

Mrs. Schultz and Mrs. Olle Swanson, Old Residents Also Pass Away

SPARTA, Wis.—Miss Ella Lawrence, well and favorably known resident of Sparta, died at her home in this city, on March 28, after a lingering illness of more than a year's duration. She was born in La Fayette, Ind., 1871. The greater part of her time after she left school, was spent in teaching schools in the county, until three years ago, when she was compelled to give up her work because of ill health. Miss Lawrence is survived by three brothers, Port and George Lawrence of Trout Falls, and T. L. Lawrence of Sparta, and two sisters, Lizzie and Margaret Lawrence of Sparta. Funeral services were held Wednesday afternoon at 1:30 o'clock at the home, Rev. J. S. Morris, pastor of the Congregational church, conducting the service. Burial was made in Mount Hope cemetery.

Mrs. Schultz aged eighty-two years, passed away at the home of her daughter, Mrs. C. Reiert, on the Angelo road, last Sunday, at 12:30 a. m. Funeral services were held on Tuesday afternoon at the home, and interment was made in Woodland cemetery, at Sparta.

Mrs. O. Swanson, one of the pioneer residents of Fish Creek, died at her home after an illness lasting for several months, following a stroke of paralysis. She was formerly Miss Martha Iversen, and was born in Gausdal, Norway, in 1872. When she was twenty years of age she came to this country and four years later, was united in marriage to Ole Swanson of Fish Creek. To them nine children were born. Five of whom are living, viz: Mrs. Doris Erickson of Schaller, N. D. Miss O. Swanson, Supervising teacher of Monroe County, Anton of Westby, Clarence of Cashon and Albert who is home. Nine grand children also survive her. Funeral services were held by Rev. E. Elmqvist. Mr. Jesse Knight of Sparta rendered a couple of solos.

The following marriage licenses have been issued by County Clerk A. N. Nicol: Albert E. Froelichs and Edna Geier, both of Cashon; Ferdinand and Seemondine of Wilton, and Frances E. Solloway of Warrens; Peter T. Koester of Vernon County, and Anna Behncher of Cashon; Ferdinand and Scher of Cashon and Helen Weber of La Crosse.

The Beaver Creek Dairy have made arrangements to take over the milk business of the Sparta Ice Cream company, and the latter will take over the ice cream business of the former. Mrs. D. Witt, of the Beaver Creek Dairy, announced that the price of milk will remain the same, ten cents per quart. Attorney Z. S. Rice was at Kendall Saturday, where he refereed the sale of the Kendall Hotel. The place sold for \$2800, and was purchased by John Sheridan. The transaction was a foreclosure on a mortgage sale. The mortgage was for \$6000. A deficiency judgment will be taken by the attorney for the mortgage against the owner.

DENVER POLICEMAN KILLED IN AUTO CRASH

DENVER, Col.—Charles Zeitz, patrolman of the city squad, was instantly killed and Charles Lounsbury, a newspaper reporter, severely injured here Saturday night when a riot car, answering a call, crashed into an automobile.

Charles O'Brien, another reporter, sustained internal injuries and was removed to the county hospital. Patrolman Lutter was badly bruised. C. I. Markey reporter, was the only person in the riot machine who escaped without a scratch.

HARDING SAVES LIFE OF ARMENIAN CHILD

WASHINGTON.—President Harding saved the life of an Armenian child by accepting a Near East relief coupon book, representing sufficient funds to provide food and clothing for one child for a year. Mrs. Harding also accepted one of the books.

PHONE SUBSCRIBERS STRIKE

OMAHA, Neb.—There is telephone traffic at Olinfield, Neb., was virtually complete Saturday, says a dispatch from that town, as a result of a "subscribers' strike" against use of telephones.

LORD TALBOT NAMED GOVERNOR OF IRELAND

DUBLIN.—The Freeman's Journal on the appointment of Lord Edmund Russell Talbot as lord lieutenant and governor general of Ireland in succession to Viscount French, says it is to be claimed as a recommendation that Lord Talbot is a Catholic. The newspaper added: "But it is an insult to Irish intelligence to think that they will insure a welcome from the Irish people to this rabid Tory paragon. For fifteen years the new viceroy has been the principal organizer of the anti-Irish forces in England."

EVEN HAS "INSIDE DOPE" ON BASEBALL SCANDAL IS BELIEF

Officers Noncommittal on Arrest of St. Louis Man Friday

CHICAGO.—Officials of the state's attorney's office refuse to comment on the arrest in St. Louis late Friday night of Nate Evans, alleged New York gambler who is believed to have "inside" knowledge of the 1919 world series baseball scandal. Evans, Hyman Cohen and Elias Fink, were arrested on charges of being fugitives from justice and it was believed that local officials had requested that they be taken into custody.

Evans' name never had been publicly connected with the baseball scandal in any official statement from the state's attorney and no official would say whether the St. Louis police had been requested to take him into custody. Neither would they deny it.

ENDORSES THE PROGRAM HE HAD FOUGHT

(Continued from page one)
"Passage of corrective and enabling Ordinances."
"Comprehensive future street improvement program."
"Reclaiming and resurfacing our present granite top macadam pavement where same is an undisputed asset."

"Wide distribution of adequate sewer service."

"Large extension of water mains in sections where patrons are sufficiently numerous to make the investment attractive as an added source of revenue for the city."

"Trading the La Crosse road to the state of Minnesota and its adoption as a federal highway."

"Securing federal aid in the matter of maintenance of the Mississippi river wagon bridges at La Crosse, Winona and Red Wing."

"Construction of new school buildings and making needed repairs on ward schools."

"Extension of the work of the Public Library by the establishment of a branch in the south end of the city similar to that maintained at present on the north side."

"Re-routing and extension of street car service."

"Construction and establishment of a public stock sale pavilion on the fair grounds."

"A working plan with the county board in the matter of expending state aid in the matter of highway improvements and upkeep."

"To aid you in the work of city planning and in securing attractive railroad terminals."

"This list is only a small part of the work which should be undertaken here in the very near future."

"Closer co-operation between the Chamber of Commerce and city officials is urgently needed. Misunderstanding of the motives of public servants has been, in the past, a great hindrance."

"I believe I could be of unusual service to the Chamber of Commerce at this time as its secretary, and I feel that the Chamber could be of great service to me in the work planned."

"I do not feel like making application for this position before hearing from you. Please advise me frankly just what you would think of it."

"Sincerely yours,"
"A. A. BENTLEY."

"I prefer that this letter or your answer be given no publicity in the papers. You may submit it to committee if you wish."

Mr. Hixon's reply to Mayor Bentley's letter was courteous. He said that in his opinion for the mayor and the secretary to be one and the same person would bring politics into the chamber, and that personally he was not in favor of it. He commended Mayor Bentley for his stand in favor of the Chamber's program, with some additions of the Mayor's own and made certain suggestions about city government. He also suggested that the mayor bring his ambition to become secretary to the attention of the committee of the Chamber of Commerce.

HIXON'S REPLY

Mr. Hixon's letter follows:
February 13th, 1920.
Hon. A. A. Bentley,
La Crosse, Wis.
Dear Sir:

"Replying to your favor of the fourteenth instant, just received. At this distance it is of course impossible for me to judge how your candidacy for the position of Secretary of the Chamber of Commerce would be received by the committee which I understand was appointed to fill the vacancy. My first thought would be that if the position were held by the mayor of the city, it would inevitably introduce politics into the organization and I don't believe it could live and be of any use or value as a party or personal affair, and I should be strongly opposed to taking any chances along these lines. This is only my personal thought, and as Mr. MacWillie left for the north several days ago, I am unable

CHICAGO CITIZENS VICTIMIZED BY MAN WHO POSED AS A COUSIN OF PRESIDENT HARDING SECURED \$10,000 BY PROMISING THEM JOBS

CHICAGO, Ill.—Everett Harding, a candy store owner, who was arrested on charges of impersonating a federal official, was Saturday declared by the police to have defrauded the Pennsylvania railroad out of nearly \$2,000 and to have imposed on leading Chicago clubs and business men by posing as a cousin of President Harding, although of no relation to the chief executive. The police said they believed Harding had obtained at least \$10,000 from a group of business men by promising to use his influence in obtaining political appointments for them.

Harding, according to the police, found Chicago's citizens gullible. He took twenty-two of them to the inauguration in a private car, it was said, and then paid the Pennsylvania railroad with a check for \$1,818.44, which was returned, according to railroad officials, marked "No funds."

While on this trip Harding became acquainted with a delegation from the Hamilton club, the chief republican social organization of the city. He posed before them as a cousin of the president and was promised a life membership in the club, the police said. To return Harding was said to have promised his friends political appointments, telling them that he was to be assistant secretary to the president.

Harding was held in bonds of \$5,000 for hearing before United States Commissioner Lewis F. Mason.

Paul Harding, Everett's thirteen-year-old sister, acquired considerable fame through the posing of her brother. She became known as the "white house baby," and it was said that she was to go to Washington and live with the president. Her picture was widely sought by manufacturers to be used in advertising, and she posed for scores of newspaper photographs, appeared in the movies and was feted in Chicago.

"If you will permit me a suggestion, I think that a worthy addition to a comprehensive municipal program for La Crosse, to be brought about in due course, would be a change in the street lighting system from arc to incandescent lights installed on posts. Out here such wider streets and longer blocks than we have, are better and more attractive when lighted with incandescents at street intersections and the middle of the block in the residence district, alternating from one side of the street to the other. The cost of making the change might be considerable, but I think the current and maintenance charges should be less, and the results obtained should be worth while."

"Years very truly,"
"FRANK P. HIXON."

Mayor Bentley's name was presented to the Chamber of Commerce directors by Mr. W. D. Weedy, who urged his election as secretary. The mayor had other supporters, but was defeated.

It is pointed out that while two years ago Mayor Bentley's campaign was a series of bitter attacks upon the Chamber of Commerce, he has not even mentioned the Chamber in his speeches and his newspaper during the present campaign.

ANXIOUS TO AVOID PUBLICITY

The mayor's request that no publicity be given his appeal for Mr. Hixon's support of his candidacy as secretary of the Chamber of Commerce is interpreted as inspired by fear of the disapproval of working citizens, he appears from his letter to have feared he would be accused by labor of trying to be on both sides of the fence at the same time, or perhaps to climb the fence.

PROBE ADVISABILITY OF GIVING FREEDOM TO PHILIPPINE ISLES

CHICAGO, Ill.—Major General Leonard Wood left for Seattle, Wash., Saturday night, where he will embark for the Philippine Islands to make an investigation of conditions in the Philippines in connection with the Islanders' plea for independence.

CONVICT WIFE SLAYER

ST. CLOUD, Iowa.—Charles F. Christensen, charged with killing his wife, Ethel Christensen, was found guilty of second degree murder by a jury Saturday afternoon. Christensen shot his wife at the home of her parents, January 17, last. There were two women on the jury.

MARIONATTES HAVE OLD "FAMILY TREE"

Greeks, Romans and the Church in Middle Ages Alike Amused by the Puppets

As popular entertainers the marionettes have a most ancient tradition behind them. It is probable they amused the Pyramids Builders of Egypt and it is certain they pleased both Greeks and Romans. In the Middle Ages they were used by the Church. The earliest performances in England, called "motions," were founded on Bible narratives and the lives of saints as in the case of the "morality" plays. Popular subjects were "The Tired and the Young" and "The Whale." In 1667 Pons recorded that at Bartholomew Fair he had seen "a very curious and new puppet play, called 'The Old Whittington'." "The Old Whittington" was another popular play.

Powell and Pinkethman were two noted "motion makers." Crawley, a rival of Pinkethman advertised "The Old Creation of the World with the addition of Noah's Flood—Noah and his family coming out of the ark, with all the animals two and two, and all the fowls of the air seen in a most perfect sliding upon trees; likewise over the ark is the sun rising in a gorgeous manner; moreover a multitude of angels in a double rank."

Among the Germans Tessa and Goethe thought the puppet theatre most unworthy their serious artistic efforts. Goethe's "Faust" received its first presentation on the puppet stage. Today Marionettes' plays are sensationally successful on the puppet stage in France. John J. Martin, a New York dramatic critic now associated with the Dramatic Mirror is the author of "Lilian Owen" to be presented here by Lilian Owen's "Marionettes." Mr. Martin has also recently completed a three act comedy which he shippers have accepted for Broadway production.

A. R. C. TO ESTABLISH CENTRALIZED BUREAU FOR SOLDIER RELIEF

WASHINGTON.—Increasing demands upon the American Red Cross for relief war veterans' relief have necessitated the establishment of a centralized bureau in the national headquarters here, combining three major services for veterans. A statement issued Saturday said the problem was over expanding and the peak could not be estimated, although the sum expended for this work now reached \$9,000,000 annually.

Under the re-organization plan, Arthur E. Foster, formerly of all general staff, is given charge of all soldier relief activities. These include information and service clubs, social service in hospital and a supplementary service to men receiving training from the federal board for vocational education.

RATE BOARD LIFTS ORDER FOR HIGHER RATE IN 2 STATES

WASHINGTON.—Orders of the interstate commerce commission increasing state freight and passenger rates in New York and Iowa were changed Saturday to permit the railroads to maintain the same rates within the state as are in effect in interstate traffic. The recent orders of the commission on state rates were so phrased as to compel higher rates in some states than the interstate rates in effect in the same territory. Changes similarly affecting some thirty other states will be issued in the near future.

ST. LOUIS PLAYER HOLDING OUT FOR BETTER PAY OFFER

CHICAGO, Ill.—Jack Smith, star outfielder with the St. Louis Cardinals, who has been holding out because of unsatisfactory terms offered him, intends to play semi-professional baseball here this season. He said Saturday night that several offers were under consideration. Smith is engaged in business here, but will play baseball week-ends.

WILLIAM STRAYER OF OREGON, OREGON IS THE ONLY DEMOCRAT IN THE OREGON STATE SENATE

CHICAGO, Ill.—Jack Smith, star outfielder with the St. Louis Cardinals, who has been holding out because of unsatisfactory terms offered him, intends to play semi-professional baseball here this season. He said Saturday night that several offers were under consideration. Smith is engaged in business here, but will play baseball week-ends.

ROAD BULLETIN

The following bulletin on road conditions has been issued by the Automobile club of Western Wisconsin on the condition of roads up to noon Saturday.

Roads leading out of La Crosse and roads in La Crosse county are in fair condition. All dirt roads are rough, but are improving.

Trunk Lines No. 11 and 33 are in bad condition but improving. Trunk Line No. 21, best road to Madison.

Road to Hokah is fair. Several bad spots but possible.

River Road is very rough but possible. Pine Creek road is very bad.

FREIGHT CARS BURN

MINNEAPOLIS, Minn.—Fire starting in an adjacent field, spread to the Cedar Lake yards on the Great Northern railroad here late Saturday and twenty-five freight cars valued at \$50,000 were destroyed. Train crews switched 1,200 box cars to safety.

Obituary

RETHA MAY JUNG
Bethel May Jung, baby daughter of Mr. and Mrs. Arthur Jung, died Saturday morning after a short illness at the home of her grand parents, Mr. and Mrs. William Jung. Funeral services will be held Monday afternoon at 2:30 from the home, 415 North Seventeenth street, interment at Oaklawn cemetery.

MRS. MARCELLA STANGEL
Word has been received in this city by relatives of Marcella Stangel of the death of his wife on Saturday morning at her home at Duquoin, Iowa. She is survived by her husband and an infant son. Mr. Stangel was formerly in the employ of the La Crosse Theaters company.

THE POLITICAL FORUM

RAWLINSON CHARGES RIOT OF TAX WASTE BY MAYOR BENTLEY

Increased Hundreds of Thousands Annually in Six Years; Nothing to Show for It

To The Voters of La Crosse:
Imperative business calls me out of the city, and before leaving I wish to state briefly some of the reasons why I am for Frank H. Fowler for mayor.

The most important reason follows: 1915 was Arthur A. Bentley's first year in office. Let us look at the city budget then, and now:

CITY BUDGET	1915	1921
.....	\$88,908	\$177,158

The records show that approximately eighty per cent of this vast sum of taxes is city taxes, and only about twenty per cent is state and county taxes.

You notice that your taxes in the city have increased \$190,250 during the six years in which Bentley has been mayor.

What have we got for this extra half million dollars of taxes. As a taxpayer, I want to know:
Not schools, for school buildings have never been in worse condition.
Not streets. If you want a race in your jitney you have to go out onto the country roads, which are far superior to our streets.

There has been a little sewer work and patching up here and there, but that is all.
When strangers come into La Crosse there are certain things that make it look like a city. There is the high school, the brick paving down town, the water works. But all these things came in past years when city taxes were comparatively low.

What can you point to that your taxes have brought since Bentley came into office?
During the past few years every city of about our size has increased rapidly in population. Superior, Racine, Oshkosh, Janesville, Madison, all have gone ahead, some of them adding thousands to their population. La Crosse alone has stood still, or gone backward.

Why?
Just this plain fact: a city that is taxed to death and hasn't a single important public improvement to show for it, can not keep up with cities that are better managed? How can we expect people to come here and build factories providing work for citizens when they look over the present situation?

Everywhere there is a great economic wave. Down in the legislature Fowler is one of the leaders of the fight for economy, for lower taxes. As a city La Crosse should be thinking of these things. I am a taxpayer here, and I am for Fowler because I can not see one thing which taxpayers have got for the increased taxes on our home. I can't see anything we have got for the increase of nearly half a million dollars in our local taxes.

Fowler stands for a million dollars to cost half a million, and to be paid for by the railroads. Taxpayers wouldn't pay a cent. Bentley has fought this device which means upwards of \$200,000 in wages for men.

Fowler stands for the milk stations, and the public market. Bentley has fought them and hindered them from the start.
An attempt may be made to explain this thing away. But we taxpayers are not going to get tangled up in a lot of confusing details. Get the figures and keep them in mind. I can not repeat them too often. Taxes in 1915, \$88,908; taxes in 1921, \$177,158.

What have we got for it?
Look at your tax receipts. Don't look at the tax rate, for that is misleading. Look at the bulk sum you paid in 1915, when Bentley came in, and the bulk sum you are paying now. Nearly doubled.
These are some of the reasons why I am for Fowler.
CHARLES H. RAWLINSON.

Voting Information

To vote for a man, but not an "X" after his name on the ballot.
Even if you have filled in to register, you may vote at the election April 5, by presenting the sworn statement of two freeholders that they know you to be a qualified resident of your ward. So if you have not registered, be prepared to vote anyway. There will be freeholders at the voting booths ready and willing to swear you in.
If you will be out of the city on election day, vote now. Make application to the city clerk, for a ballot, before you have marked it. he will seal it and send it to your ward to be counted with the regular votes.
If you are out of the city, send your affidavit to the city clerk stating that you are a resident of your ward and a qualified elector therein, giving your name and address, and ask him to send you a ballot. The marked ballot must reach the clerk's hands the day before election to be counted.
If you are ill and unable to go to the polls, make application at once for your ballot to the city clerk, and send it back to him. Or the election officers of your ward may call at your home for some ballot.
REMEMBER—YOU CAN VOTE EVEN IF NOT REGISTERED BY SWEARING IN YOUR BALLOT ON ELECTION DAY.

THINGS MUSICAL

By H. MARGARET JOSTEN

MEMORIES of an Old Garden is the title of the Y. W. C. A. Spring Fete to be staged under the management of Mrs. Charles Cline at the theater April 12 and 13. Fundamentally it is an exhibition of the work accomplished in two departments of the Y. W. C. A., those of music and physical training. But it will be no mere pupils' recital and gym exhibition.
The scene will be a lovely old garden vivid with the sort of flowers that lined the paths and made the nosegays of another day. Through it graceful dances will come to dance and to sing the sweetest of old-fashioned melodies. Into it will slip the "Spirit of Spring," fragrant with youth, singing in her clear flute-like voice. Other maidens in charming costumes will enter, each group contributing further harmony of music and motion to the pretty scene. Later little children will appropriate the garden to their play, enacting the most loved of childhood's songs.
The spirit of the thing as it has been conceived by its creators is very lovely and the reality will no doubt exceed even their expectation. The music is the work of the Y. W. C. A. Glee club, an amateur organization of music lovers under the leadership

Annual Statement 1920

GREAT PROGRESS

WITH an income of over a million and a quarter; with an organization and well equipped agency force; with the facilities for taking care of the Company's increasing volume of business, it can be readily understood and appreciated that the business of an institution with an experience of over a decade, can easily be carried on by its own momentum. It does not follow, however, that there will be less attention paid to the best service that can be rendered to old and new policyholders, and with this object constantly in the minds of the officers, we solicit your continued patronage, and take occasion to thank you for your support and co-operation, so heartily extended in the past. This is a Home Company, very accessible to all.

Following the precedent established by this Company, we wish our friendly competitors success for the current year.

Rupert F. Fry
President

FROCKS AND FRILLS

A DORABLE little frock for the little girl, dapper and sub-deb, to be worn at parties, look as if they had walked out of old-time portraits or illustrations, so quaint are they and so beautifully colored. Line has not so much to do with the party dresses, which are kept extremely simple, but color and trimming have.

Generally speaking, the lines are straight, some with low draped girdles, like the gown-and-dresses, many with overskirts or contrasting panels, even on the tiniest frocks, and an occasional peplum. It is interesting, too, to note that even the frocks for the girl under to be cut with extremely short sleeves, kimono shoulders often posing as sleeves. But just as interesting is it to record the fact that the so-called evening dress for the dapper and sub-deb is scarcely ever sleeveless, some kind of floating layer of tulle, or attached bands of silk, or ruffles of lace serving to take away the sleeveless look, which is never quite appropriate for the young girl.

But, speaking of picturesqueness, perhaps nothing is quite so fetching as the velvets with their trimming of

lace. Bonney dresses you might call them. One such adorable thing which could be worn to almost any sort of festive affair by the girl in her teens is of black velvet, the bodice cut short above the waist to show blouse and peplum of tucked cream net and val lace. There is a collar of the net and tiny puffed sleeve under the kimono sleeve-cap. The skirt has a scalloped edge, finished with a very narrow black silk fringe, while down the sides of the skirt falls a row of black silk tassels.

For Mother and Daughter.

Velvet or velveteen and duvetyne combine well for the older girl's dress, as they do for her mother's. Navy velveteen, with top of the skirt and bodice of rust duvetyne, shows a row of gold thread fagoting where velvet and duvetyne join. The narrowest edge of gold lace finishes the U-shaped neck and very short sleeves.

Taffeta in the dark shades, as well

For the Kiddies to Read

What are your children consuming mentally? The anxious mother who will forego food and clothing for offspring if necessary seldom considers what effect miscellaneous newspaper stories, and the movies, the ice cream sodas of literature, are having on the mind of her child and seldom cares that his intellect should be built and strengthened by more stimulating material.

The only literary training he gets is likely to be a school, which gives him a healthy hatred of so-called high-brow and classic literature. If some body of ministers or educators would only condemn Shakespeare the book-stores would be swept clean of his works and the common speech of the people would be renovated and inspired for a considerable period.

The good housewife now feeds a balanced ration: starches, fats, proteins, all carefully considered and the proper amount of sweets added.

Why not a balanced ration book-

as the pastel colorings, makes delightful party frocks for afternoon affairs. Could anything be more appropriate for Miss Thirteen than a navy taffeta, just one ruffle after another, with basque waist, rows of val four deep at neck and sleeves and a bunch of vivid velvet flowers at the left side of the waist, around which a narrow French blue velvet ribbon ties?

Changeable taffetas for evening are charming for the first dance frock. One such, of turquoise and lavender shadings, shows a quaint little bodice in that youthful off-the-shoulder line which is so much more modest than mere shoulder straps. Puffed sleeves of cream net are attached to the dropped shoulder cap and the bodice is cut basque style with a saucy little peplum lined with pale pink satin. The skirt of this frock is of pink satin, veiled with another skirt of cream-colored embroidered net, with shirred bands through which pleated ribbons of pink are run around the hips. A nosegay of silk flowers almost indispensable for these picture frocks is posed at the left of the bodice.

shelf or reading list if you patronize the public library? Some good old romances, such as King Arthur and His Knights or that delightful book of Howard Pyle's on Robin Hood, the Elsie Books of Miss Alcott for a little sweet seasoning if there are girls in the family or a Henty or Conan Doyle detective story for boys.

Scott, Dickens, Stevenson.

In my youth what aggravated me beyond measure was to be limited in my reading to be told that such authors as Thackeray and George Elliot were too old and that I should save them for the sweet by and by. I plugged ahead nevertheless and did not regret it. Books I did not understand I reread at a later period and those that were within the range of my comprehension I probably should not have read afterward when the rush of modern fiction swept in upon me. Who has time for Scott between the ages of 16 and 50? Dickens seems to hold his own at any time and the movies may lead a child naturally to Stevenson.

The great thing in all modern business seems to be imagination and surely good literature stimulates the imagination and history shows the way in which the other man won his success.

Give Them a Chance.

The trouble with the modern youth is they are suffering from mental enfeeblement; they have never been fed the stimulating stuff that makes the red corpuscles of the mind; they do not even have to read, their excitement is presented to them: predestined on the screen and they glimpse their humor from the pages of the funny supplement.

A Handy Dust Cloth.

If you will make your dust cloth in the shape of a long apron, one yard wide by one and a quarter yards long, and tie it around the waist like a regular apron, you will be surprised to see how much faster you will get along, dusting with both hands and two corners of the apron.

TRIED RECIPES

Dried Field Peas.

WASH and remove all faulty peas. Soak in cold water overnight. Cover with cold water and bring to a boil. Into another pot place a piece of pork or seasoning meat and sufficient water for the peas, drain off the hot water from the peas add them to the meat and cook slowly for hour and half or until tender. Be careful to cook slowly and just enough water to cook. If necessary to add any water be sure it is boiling.

How to Use Artichokes.

Scrub and cut into small pieces and fill a quart jar. Cover with a good cider vinegar and add one-fourth cup of salt. Keep as any pickle. This will take the place of celery in salad, or aspic is good to serve as a relish with roast pork. When using for salad if too sharp let stand a short time in cold water.

A New Dish.

Two pounds of dried apricots, one pound of seeded raisins. Method—Wash and soak over night in cold water the apricots, cook until tender. When nearly done add the raisins and sugar if needed. This is good to eat with shredded wheat biscuit and cream. Peaches may be used in place of apricots.

Apples and Cranberries.

One pint cranberries, three-fourths of a pint of water, one cup sugar, six or seven apples. Method—Cook cranberries and water until berries are done, put through strainer. Add the sugar to the berries. Pare, core and quarter apples, put in to the berries and cook gently until tender. Pour into a dish and serve as any fruit or jelly.

Rice Egg Balls.

Boil hard five eggs, remove the shells and put through a potato ricer or a sieve, with an equal amount of boiled rice. Season with salt, pepper and butter. Make into balls and dip into raw egg, then in crumbs, and fry in deep hot fat. Drain and place on small piece of buttered toast, and pour over the whole melted butter.

HELPFUL HINTS FOR THE HOUSEWIFE

Pumpkin Pie.

TO save eggs when making pumpkin pie, after the pumpkin is stewed put it in a coarse muslin bag and squeeze the water out same as for jelly, and then turn it out in a pan and slowly add the beaten eggs, etc. This takes half the amount of eggs as otherwise used.

To Clean Window Shades.

Use steel wool to clean window

Leftover Starch.

Boiled starch that has become cold, and therefore would stick, can be used again by heating slowly, adding a little hot water then beating well with an egg beater until smooth.

To Apply Stove Blacking.

Stove blackening applied with a paint brush and polished with a dust brush gives best results. Brushes last for years and save hands.

COLLAR OF ECRU LACE AND BATISTE

This fascinating little under-slip is of flesh and black crepe de chine, smartly trimmed with rosebuds and small black tassels.

The La Crosse Tribune and Leader-Press

The Walrus

The time has come the Walrus said
To talk of many things
Of shoes and ships and sealing wax
Of cabbages and kings.

BY C. A. W.

Every little while I run into a returned traveler who opines, after a journey hither and yon, that the Gateway city looks as good to him as anything he saw on his trip and just a little better than most burghs. Claude Pettigill was no exception to the rule when he dropped into his home town after a trip with his better half to the Pacific coast. Claude lived out on the west coast for a few years, and he has seen it at its best and at its worst. Right now, he says, it is pretty "rough picking" in Seattle, Portland and other big cities out there. In Seattle the city is escaping the bread-line and soup-house by an exceedingly narrow margin, only by serving meals to the unemployed at a nickel a throw. It isn't hard for the "down-and-outers" to beg a five-cent piece at meal-time. Of course the city or charitable organizations that run the five-cent hotel lose a heap of money in the deal, but the army of unemployed is saved from starvation. Seattle was given a bad wallop when the wartime shipyards went out of business, throwing thousands out of employment, and business has not picked up to any appreciable extent since, although there are a few favorable signs in the offing. Mr. Pettigill saw in one group in the Seattle harbor sixty of the wooden ships made in the war-time shipyards, listlessly swaying in the tide and destined to rot away. La Crosse is fortunate in having no war-baby monument like this to confront her. There are more industries in this city now than during the war, and it is a good bet that they will all be going full cluster before the year ends.

I enjoyed a nice visit during the past week with a school-mate of my old high school at Elkhart and Main streets, Louis Rask, who for the past eighteen years has claimed Schenectady, N. Y., as his home. Mr. Rask, after graduating from the local high school, served in the Spanish war and then finished his education at the University of Minnesota, specializing in mechanics. As an electrical expert, he has been in the general electric company. For some time past he has had charge of the equipping of battleships and cargo vessels with electrical engines. This is a new venture in navigation which, Mr. Rask declares, has passed the experimental stage and has proven its value in reduced coal bills and engine depreciation charges. Once installed, the electrical engine produces power efficiently for years without entailing the enormous bills for repairs which mark the upkeep of steam equipment. Mr. Rask came to La Crosse to attend the golden wedding celebration of his parents, Mr. and Mrs. Peter Rask, and enjoyed to the utmost his visit with relatives and boyhood friends.

Every time my flivver nearly breaks a spring hitting the bumps on North Seventh street or West avenue south on South Eighth street or any one of a half dozen other main-traveled thoroughfares I might mention. I wonder how long a patient and long-suffering public is going to sit by and watch the streets "go to pot." When I take a squint at my last tax receipt and look out the front window at the holes in the street in front of my house, I can hardly reconcile the two pieces of evidence. One of the two, the tax receipt or hole in the street, is something inconsistent, I would say.

Art Swan of the W. A. Roosevelt company sends a clipping from the National Trade Extension bureau's monthly bulletin which is so interesting I am moved to reproduce it here.

Five tragedies:

"A man struck a match to see if the gasoline tank in his auto was empty. It wasn't."

"A man peered at a strange building on the head to see if the critter was affable. It wasn't."

"A man speeded up to see if he could beat the train to the crossing. He couldn't."

"A man touched a trolley wire to see if it was charged. It was."

"A man cut out his advertising to see if he could save money. He didn't."—Selected.

I notice in an exchange that Henry P. Miller, a La Crosse man who formerly lived at 1532 Caledonia street, is conducting a vigorous campaign for pure milk in Kenosha, where he is city bacteriologist. According to Mr. Miller's statement, Kenosha has 90 per cent of its milk pasteurized. No milk is allowed to be sold in bulk except in restaurants and hotels. The milk is delivered at the door for 13 cents per quart or seven cents a pint. This is the same price paid in Chicago, as Kenosha is in the Windy city milk district. Kenosha has eight dairies, one of which has 75 per cent of the business.

It may have been a nice warm winter, but the coal pile disappeared in its usual rapid style and the opening of the fishing season is just as far away as it was last year at this time.

SEVENTY-FIVE THOUSAND DOLLARS GIVEN BY CITY TO OBTAIN GREEN BAY ROAD WHICH DESIRES TO LEAVE

LA CROSSE GETS STOCK IN RETURN FOR GOOD BONDS

City Records Show Sale of Stock for Small Sum Forty Years Ago

If the Green Bay and Western Railroad company is granted permission by the interstate commerce commission to abandon its branch line into La Crosse, this city will lose a railroad which it paid a bonus of \$75,000 to obtain forty-five years ago.

An investigation of the records in the city clerk's and comptroller's offices reveals an interesting story of how the Green Bay line, then known as the Green Bay and Minnesota railroad, was induced to enter La Crosse in 1876, and of the pretty penny which the city paid to obtain the additional railroad service.

According to the official records the city issued \$75,000 in bonds, redeemable in from 15 to 20 years and drawing interest at the rate of seven per cent, and upon the sale of these securities paid over in cash to the railroad company the entire amount, as a bonus to induce the building of a line into La Crosse. All that La Crosse got for its money was the railroad line, affording a limited train service for many years, and \$75,000 worth of stock in the railroad company.

Stock Received

According to the agreement entered into by the city council, the stock issued to the city of La Crosse in return for its \$75,000 in cash furnished through a bond issue was deposited in trust with the railroad commissioner of Wisconsin, then a resident of Fond du Lac.

No record can be found at the city hall showing that the city ever exercised its rights as a stockholder in the Green Bay railroad, by voting at annual meetings. Nor is there any record that the city ever received any dividends upon this stock, so far as an investigation revealed.

The records show that the stock was sold four years later for \$9 per share.

Time for Hearing

The interstate commerce commission has designated April 12 as the time for a hearing on the application of the railroad company for a certificate of convenience and necessity permitting it to abandon its line into La Crosse. The company runs from Marshfield, to Oshkosh on the tracks of the Northwestern railroad, paying \$7,000 per year for this privilege. From Oshkosh to La Crosse trains run over the Green Bay company's own tracks.

That vigorous opposition to the petition of the company to abandon its line into La Crosse will develop at the hearing before the interstate commerce commission here, is assured.

Serves Many Plants

The Green Bay line serves the city pumping station, enabling coal to be hauled in carload lots and delivered at the door of the plant; it performs a similar service for the State Normal school, furnishes transportation facilities at the doors of the Interstate Fair grounds, and provides the same service for several south and east factories and coal yards. Objection also will be made to the abandonment of the two-train a day passenger and freight service over the line.

That the railroad commission of

Wisconsin will appear at the hearing is likely because of the fact that the state a few years ago paid \$1,200 for the construction of a spur track from the Green Bay line to provide facilities for the hauling of coal to the State Normal school.

The city will oppose the abandonment of the line because of the added cost which will accrue from the cartage of coal to the pumping station adjoining Myrick park after the railroad is torn up.

What Records Show

On March 10, 1876, the records of the city clerk show, the Green Bay & Minnesota Railroad company submitted a proposition to the city of La Crosse, agreeing to give to the city \$75,000 worth of its stock, in exchange for bonds of the city amounting to \$75,000.

It was further provided that the bonds and stock when issued be deposited with D. C. Lamb of Fond du Lac, railroad commissioner of the state of Wisconsin, or his successor in office, as trustee for said city and said company; that the bonds bearing interest at the rate of 7 per cent per annum be made payable at the office of the Farmers' Loan and Trust company, in the city of New York.

Under the terms of the agreement the city of La Crosse, through its authorized agents, was authorized to vote upon such railroad stock in the same manner as the holders of other stock of the company.

The company, in return for the \$75,000 bonds, agreed to operate a through line between Green Bay and La Crosse during and for a term of not less than ten years, unless the said company shall before the expiration of such term build and operate a branch of its own from some point on its main line into La Crosse. The branch railroad for which aid is hereby asked will start from a point on the La Crosse, Trempealeau and Lincoln railroad at or near Oshkosh station of the road, and shall run through a portion of the said county of La Crosse to the city of La Crosse, and will, with that portion of the La Crosse, Trempealeau and Prescott railroad between said starting point and Marshfield Junction, the use of which said Green Bay & Minnesota Railroad company intends and expects to procure and secure by a bona fide written lease or agreement for a term of not less than ten years, be operated by said company in connection with its main line.

Proposition Received

The proposition, dated March 14, 1876, was signed by H. Ketchum, president, and W. J. Abrams, secretary of the railroad company.

J. C. Miller, city clerk, certifies according to the official record, that the proposition was filed with him on March 15.

On March 21, 1876, a special election was held to vote on the question of issuing \$75,000 city bonds, equivalent to a bonus in this amount to induce the Green Bay & Minnesota Railroad company to extend its line to this city.

The referendum resulted in the proposition being carried in the five wards of the city by a vote of 1081 to 484.

Bonds are Issued

A committee consisting of Aldermen O. H. Smith, John Wacker and John Fox canvassed the vote and reported the result to the council.

Alderman Michel then offered a resolution providing for the issuance of the bonds of \$75,000 as a bonus to the Green Bay & Minnesota Railroad company, and for their deposit in escrow with the railroad commissioner of Wisconsin.

Aldermen Bradish, Fox, Loser, Michel, Voss, Smith, Volz and Wacker voted for the resolution.

Alderman Maguire, alone voted against the measure.

At a meeting of the council on April

10, 1876, Alderman Michel offered the following resolution:

Receipt is Demanded

"Resolved, that the city clerk is hereby instructed to deliver to O. H. Smith, the chairman of the finance committee, the railroad commissioner's receipt for the \$75,000 bonds voted by the city of La Crosse, in aid of the Green Bay & Minnesota Railroad company, and be it further resolved, that said O. H. Smith, as chairman of the committee on finance, is hereby instructed to deposit said receipt in the National bank for safe-keeping, take receipt from the bank for the same and place it on file in the city clerk's office."

The records of Comptroller W. J. Fries show that the \$75,000 bonds, issued in 1876, were redeemed, \$15,000 per year, from 1892 to 1896, inclusive, and that all interest and principal was paid to the Farmers' Loan and Trust company of New York. The bonds drew 7 per cent interest.

According to local real estate men, the Green Bay & Minnesota Railroad company purchased its right of way into the city of La Crosse. All deeds were made out to M. D. Wing, who negotiated for the land in behalf of the railroad company.

No record of the \$75,000 stock which the city held in the railroad company appears in the council proceedings until 1880, when the common council finally decided to sell the stock, and it was sold in the stock market at the prevailing price of \$9 per share. After brokerage fees of \$111.81 were deducted the city received for the stock \$6,623.16.

INDIAN CENTENARY BEING PLANNED AT PRAIRIE DU CHIEN

Exposition and Camp of all Tribes Proposed for Next Summer

MCGREGOR, Iowa.—If the plans of the American Indian Centenary exposition are carried out a thousand Indians from tribes all over the northwest, southwest and middle west will be camped in August and September this year on the shores and islands of McGregor and Prairie du Chien.

President J. J. Hinrod of the company which is backed by St. Louis capital, has been in McGregor and McGregor and architect, and has secured a site of 57 acres on the Mississippi shore south of the site of Old Fort Crawford. There Mr. Hinrod says work will begin in May on an extensive group of buildings of the Mission and Pueblo type. The buildings are to consist of an administration building, Hiawatha lodge, a temporary hotel of 175 rooms, a fine arts building where Indian paintings from all over the United States will be exhibited, an Indian crafts building with exhibits of actual Indian craft, an Indian educational building containing exhibits from different Indian schools, an auditorium with a seating capacity of 2,000, an immense pageantry open air theater, a cafe and restaurant, and Indian villages on the "War Path," as the midway of the centenary will be called.

In the early part of the 19th century Prairie du Chien was the great fur trading post of the northwest, and the Indian capital of the region from Lake Superior to the Rockies. In those days the tribes gathered in the month of May each year to sell their furs and in 1823 and again in 1850 in great treaty conferences with the whites.

The proposed centenary is to commemorate those century old times and stage again the scenes as near as it is possible to do so.

HOW YOU CAN CUT H. C. L.

These "do's" and "don'ts" are issued by the division of women's activities of the department of justice at Washington for the benefit of women who are interested in the conservation of food to bring down the cost of living.

Do's

Eat only three meals a day.

Have only three course meals.

Eat simple, nutritious food.

Plan your meals ahead.

Buy for more than one meal at a time.

Realize that cheaper cuts often have as much food value as expensive ones.

Plan ahead to save delivery.

Buy seasonably abundant foods.

Watch your garbage foods.

Use all left-overs.

Practice the gospel of the clean plate.

Check up your weights and measures.

Don'ts

Eat rich, indigestible concoctions.

Buy at the last minute.

Buy in small lots if cheaper to buy in quantity.

Overlook nutritive values in food.

Have small quantities delivered several times daily.

Buy hot-house specialties.

Have your eyes bigger than your stomach.

Waste anything.

Throw away even a crust of bread.

Run the risk of being short-weighted.

WAR MOTHERS SEND GIFT BASKETS TO DISABLED SOLDIERS

Service Star Legion Brightens Lives of Service Men in Hospitals Here

SOME ARE NOT GETTING COMPENSATION FROM U. S.

Blinded Soldier at Lutheran Hospital Support of Mother

Making life pleasant for the 19 disabled soldiers who were in the world war and who are in La Crosse hospitals receiving medical attention for wounds or injuries received while in the service, is the mission of the Service Star Legion of La Crosse. The legion has more than 200 members who are the grandmothers, mothers and wives of former service men.

The legion is now making plans for a Poppy day, to be held some time in May, when silk poppies, made by the women of blunders, will be sold in La Crosse. Part of the funds so raised will be sent to aid the mothers and children of northern France and the rest will be used by the legion among soldiers in La Crosse.

Give Easter Baskets

On Saturday before Easter the hearts of 137 soldiers at St. Francis hospital, one blind soldier at the Lutheran hospital and five at the Oak Forest Sanitarium were gladdened by presents of Easter baskets, containing fruits, candy and tobacco. The baskets were made up by girls employed by the Marquette company and taken to the hospitals. Bunches of flowers also were given to the soldiers to brighten up their rooms.

"Gee, isn't this great," said one boy at St. Francis hospital. "We never expected to be remembered on Easter."

A basket of food was taken to the home of the aged mother of the blind soldier who is at the Lutheran hospital. The soldier was taken to his home for a visit with his mother that day by members of the relief committee. This soldier is 33 years old and was blinded while at work at a munitions plant. The flowers that were sent to him at the hospital he gave to a nurse there who has seen over his service. The aged mother, whose sole support is this blind soldier lives near Oak Grove cemetery and she was overjoyed at the appearance of her son in the humble home and the big basket of food.

All Not Getting Compensation

All of the boys in the La Crosse hospitals are not getting the financial aid to which they are entitled from the government, according to Mrs. H. W. Keyes, who is interested in the work of the Service Star Legion. She says that of the five at the Oak Forest Sanitarium only one is getting compensation. A soldier sent to St. Francis hospital last week from Fort Snelling was not getting sufficient aid from the government to defray all of his expenses. He already was, lost a leg and will have several fingers amputated here, however, the mother superior of the hospital said that if the government could not see to it that the young soldier received proper and sufficient compensation, the hospital would not send any bill to him or his family for his care and treatment while here.

"I think the public should know the

PHEBE AND DICK, \$2,500 LOUISIANA LOZENGES, MAKE OLD DICE TALK SOUND POOR

Who'd Plead for Baby's Shoes With Solid Saphire "Bones" in Diamond Holder? New Jewelry Fad Hits La Crosse

"COME on, you seven!" may be a fitting way to talk to a common pair of 50-cent "Mississippi marbles," but how would a smooth tongued lawyer of the home address a pair of diamond studded dice made out of solid sapphire or amethyst or opal, and encased in a platinum encrusted holder?

Would the spacious plea of "Love me, dice?" or "Baby needs a new pair of shoes?" have the power to turn up 7 or 11 glittering sparklers at the first throw or keep away the diamond seven before the alleged infant's footwear were assured?

These are the questions that dice-shooters in La Crosse have not yet solved, as nobody in the city yet owns a \$2,500 pair of dice, although they are the latest fad in the exclusive dice shooting circles. La Crosse jewelers declare. While the diamond encrusted dice holders have not yet obtained universal use in La Crosse, holders of similar but less expensive design have burst into popularity in La Crosse and are now being worn by young and old men in all business and social circles as appendages on the end of their watch chains. And the girls and women are wearing them after the fashion of lavallieres, being suspended from black silk cords.

As the fad grows, it may be pos-

sible that many La Crosse men will spend their idle moments at night trying their luck with pairs of jeweled dice, mounting in value up to thousands of dollars, according to George Rose, Main street jeweler. Already scores of the new dice holders, in various designs in silver, gold and gold filled have been sold to young men and girls. They have been sold to men themselves and to girls who either wear them or else present them as gifts to their men friends.

The holders are rectangular in shape and are just large enough to contain two fairly large-sized dice. The holders, that is most of those on display in Main street jewelry shop windows, are solid little boxes, opening at one side and may be attached to the watch chain. The prices of the silver and gold holders range from \$1.25 up.

"The holders are a new gift for men and women, and have proved immensely popular," said Mr. Rose. "In the more expensive designs they are made of solid gold and platinum with the entire holder studded with tiny diamonds. The dice themselves are made of sapphire, amethyst, topaz, opals, lapis lazuli, tourmaline and other stones and the markings are indicated by tiny diamonds. The most expensive pairs are valued as high as \$2,500."

fact that there are crippled, disabled soldiers in La Crosse hospitals and institutions who are not getting compensation from the government," said Mrs. Keyes. "I don't know why they aren't, but the fact remains that the government is not taking care of its boys as it should."

A rummage sale two weeks ago netted the Service Star Legion \$150 which will be used to provide delicacies for the disabled soldiers from time to time. Two benefit moving shows also raised some money for the legion to carry on its work. The Poppy day in May is expected to still further increase the resources of the war mothers' organization.

DEAD RATS BY MAIL

NEW YORK.—L'Orto Rico is cleaner than it has been in eight years, report Presbyterian secretaries returning here. The reason: Fear of the bubonic plague. All dead rats are examined for plague germs. Some are sent to the health office through the mail.

THE DOPE WAS DOPED

SHANGHAI.—Police raided an opium den. They took samples of the "hop" habitues were snuffing. Examination showed it to be counterfeit. Now the proprietor faces a charge of violating the pure opium law.

CELLAR SAFE UNSAFE

HUNTINGTON, W. Va.—Bootleg evidence isn't kept in the courthouse basement vault any more. It wasn't kept there before, for that matter. The evidence was booze when locked up but 100-proof Ohio river water when produced in court.

MR. AND MRS. PETER RASK CELEBRATE THEIR GOLDEN WEDDING ANNIVERSARY HERE

MR. AND MRS. PETER RASK

Mr. and Mrs. Peter O. Rask, well known residents of the north side, celebrated their golden wedding anniversary at their home, 1452 Kane street, on Sunday, March 27.

All of their children, Senator Sam Rask of Blooming Prairie, Minn., Louis Rask of Schenectady, N. Y., and Mrs. Eva Stewart of Cincinnati, were here for the event.

Peter O. Rask was born in Ness, Hallingdalen, Norway, March 27, 1846. He came to America in 1857 landing in Quebec and arrived in La Crosse, Iowa, July 4th. From there he traveled by ox team to Locust, Iowa, where the family lived until the following year when they moved to Houston county, Minnesota, settling

on a farm five miles south of Caledonia. They were the first pioneers in this section, living in a log cabin of their own creation. Many times they buried their supply of pork and grain when they were notified that Indians were on the way.

Mr. Rask was married to Miss Louise Cornelia Sundt at Caledonia, Minn., March 27, 1871. She was born in Norland, Norway, August 13, 1849, coming to this country in 1868, landing in Quebec and then going to Chicago. She left there in 1869 and moved to Brownsville, Minn., settling on a farm seven miles from the village.

Mr. and Mrs. Rask have lived in La Crosse since 1887.

MAJOR JOHN ANDERSON OF MAINE SURVIVES WEBSTER AS LAST BATTERY OFFICER

THAT THERE is still a surviving member of the staff of the La Crosse battery of Civil war fame in the person of Major John D. Anderson, a brother of Dr. Wendell A. Anderson of this city, is a corroborated fact Sunday's story on the death of Captain Dan Webster which Dr. Anderson calls to the attention of the newspaper. Major Anderson, who left La Crosse as senior first lieutenant of the battery and was mentioned in dispatches for gallantry, is now a resident of the state of Maine.

It was believed that Captain Webster was the last of the officers of the famous outfit to answer the final roll call.

Major Anderson's war record began with an escape from the confederates, he having been in the south when the secession movement broke out. He made his way to St. Louis as war became inevitable, and then came up the river to La Crosse, where he enlisted in the First Wisconsin Battery in 1861.

Dr. Anderson straightens out the misunderstanding in the following note:

"To the Editor:

"In the Tribune of last Sunday it was stated that in the death of Captain Daniel Webster the last known surviving officer of the First Wis-

consin Battery, a La Crosse organization, has answered the last roll call.

"It may be of interest to the few survivors of that battery to know that one officer, at least, is still living. I refer to Major John D. Anderson of Maine who left La Crosse with the battery as senior first lieutenant in 1861.

"After the lapse of sixty years, with comrades scattered from Maine to Oregon an error of this kind is quite natural, but correction may be worth the space.

"WENDELL A. ANDERSON."

P. S.—The photograph of one of the guns of that battery now in Marshfield, Iowa, suggests a query whether it may be one of the guns referred to by General George W. Morgan, reporting an action at Taxewell, Tenn., August 6th, 1862, in part as follows:

"Two of his (the enemy's) regiments surrounded two companies of the Sixteenth Ohio, detached to protect a section of artillery. The enemy's movement was well executed and had it not been for the coolness and gallantry of Lieut. Anderson (then in command of the battery) we should have lost two pieces of artillery."

(War Records, Vol. XVI, Part I, page 586.)

JOHNSON IS MOST POPULAR NAME IN CITY DIRECTORY

At Au has Shortest Name in City While the Longest is Hard to Pronounce

What name is most common in the city of La Crosse? Several guesses might be required of the average person who has given the matter no thought before the correct answer is hit upon. Contrary to the expectations of some, the Smiths and the Joneses fall far short of the lead in the count made from the 1919 directory of the city. The survey of the official list of the names in the city shows an overwhelming majority of Johnsons, there being 201 of that name recorded. Next in line come the Millers with a total of 128, which with the Majors bring the total up to 143.

There is more than one way to spell the names which sound alike in the casual hearer, and this is true in the case of the Olsens and Olsons, who together make up 121 of the city's population. It is again true in regard to the Hansens and the Hansons who run the Olsons a close race with a combined total of 117. The Petersens barely nose out the Smiths, having a total of 104 against 103 of the latter, with the Andersons running them a bad third with only 92 representatives in the directory. The Tarsens and Larsons together make 102, there being 18 of the first and 84 of the second variation. There are 87 Nelsons as compared with 68 Ericksons, while the Thompsons total 55. In the contest between the Schmitzes and Kneigers the former left their opponents far behind with 48 against 30. Brown, which is a name seen very often in the directories of most cities, has only 38 on the books of La Crosse, while Black, another very common name, is seen only 9 times on our record. The Williamses show a total of 36 in this city while the Ritters have an aggregate of 25. The struggle between the Kellys and the Rileys resulted in a victory for the latter with a total of 23 over the 22 of their antagonists.

There are on the lists of this city 206 persons whose names begin with the familiar "Mc" (though the remainder of the name shows a wide variety). To pick the shortest name in the directory was a difficult problem, and one that was not solved until the name of Alfred E. An was located. "There are any number of names containing only three letters. Two names are tied for first place in length. They are Salchenberger and Weissenberg, both containing thirteen letters. There may be lengthier names than these in the book, but a hasty survey of the directory failed to reveal them. The name chosen as the hardest to pronounce is Irszowski.

There are 37 business houses in the city using the word "La Crosse" in naming their firms.

The foregoing material was gathered from the La Crosse city directory published in 1919, so that it is impossible to tell how nearly accurate these figures are until the next book comes out. Many whose names were listed two years ago are no longer among us, some have moved and still others have been called by death. Then enters the problem of how many combinations of names have taken place during the past two years—and while all these other things have been going on the kids have been growing up to place their names in the directory beside those of their parents and brothers and sisters.

"My stars, how did Jones cut his face that way?"

"Poor fellow was at a launching the other day, and he licked the

"pieces."—Judge.

THE LEVI ECKHARDS ENTERTAIN CHOIR MEMBERS AT SUPPER

Mr. and Mrs. Eckhardt Celebrate
their Twenty-seventh
Wedding Day

VIROQUA, Wis.—(Special).—Mr. and Mrs. Levi Eckhardt had as their guests on Monday evening, the members of the Methodist Episcopal church and all the singers in the city, who are assisting in the evangelistic services at the M. E. church. There were nearly fifty guests, and a most delightful evening was spent. The following program was rendered:

Plano selections—Miss Lotta Venzey.
Solo—Mrs. E. M. Nye.
Piano selections—Ella Nichols.
Oration—Bruno Kier.
Solo—Mrs. Carl Curth.
Reading—Miriam Eckhardt.
Vocal selections—Mr. Troy.
Playette—The Misses Eckhardt.
McIntosh, Nicks, Supplee and Foster.
Italian Comic Opera—Miss Susie Thompson, Mr. D. Doering and choir.

Solo—Mr. Troy.
Mr. Hanson, representing a "colored parson" rendered a comic negro song in clever style. Mr. Cotterell, evangelist and Mr. Troy, singer, each gave brief talks, which were much enjoyed. Luncheon was served at ten o'clock, by the guests.

The Misses Genevieve Truesdale and Frances Anderson and Mr. Otto Hansen, students at the St. Lawrence University, who were visiting in this city during the Easter holidays, were out-of-town guests.

Mr. and Mrs. Eckhardt received the congratulations of all the guests, upon the twenty-seventh anniversary of their marriage, which fell on the date of the party.

Miss Xenia Code entertained at tea

on Wednesday afternoon at her home, having a company of eight.

Mrs. Leland Nuzum had as her guests of Wednesday afternoon, the members of the Saturday club.

Mr. and Mrs. A. J. Smith entertained the members of the Junior Bridge club with their husbands at a six o'clock dinner on Friday evening.

Mrs. George Minshall entertained eight friends at bridge on Thursday afternoon.

Mr. and Mrs. B. C. Brown entertained at dinner on Sunday having as guests, Mr. and Mrs. Otto Brown, Mrs. C. C. Brown, Mr. and Mrs. Thomas Ellerson and Miss Louise McIntosh.

The United Lutheran Aid society was entertained on Thursday afternoon in the church parlors by the Mesdames, A. E. Sorenson, Andrew J. Peterson, Thomas Lem, T. O. Thompson, Olat Gunery, and Anton Hoberg.

The Young People's Society of the United Lutheran church will be entertained on Thursday evening in the

church parlors by Mesdames Joseph Peterson, Selma Moseng, Sever Layold, George Folland, Anton Heddou and Carl Heddou.

Rev. Ingham district superintendent of the Methodist Episcopal churches was in the city on Wednesday where he met in conference with the church officials.

Mr. Otto B. Griffin was a business caller at West Lida Wednesday.

The Misses Paul and Edna Clark of Madison were guests at the home of Mr. and Mrs. H. Johnson during the past week.

Mr. Otto Brown went to Milwaukee to attend a Victor Educational convention. He will also visit relatives in Chicago.

Miss Helen Perkins of Cashon was a guest at the home of her grandparents, Mr. and Mrs. E. W. Alexander, a portion of last week.

Mr. and Mrs. Brunon Cass were La Crosse visitors, Friday.

Professor Culver and orchestra gave a series of dancing parties during the past week, playing at Westby, Viro-

qua and Coon Valley. Miss Louise McIntosh is now playing with the orchestra as pianist.

Mr. Leland Nuzum has returned home from Janesville, where he has been the guest of an uncle.

Mrs. Joseph Hayes of Ross is spending a few days with her parents, Mr. and Mrs. Newton Deaver.

Mrs. George Griffin spent the week-end with her daughter, Mrs. Paul J. Lawrence of La Crosse.

Miss Mildred Henry and Miss Lawrence Wolfgram have returned to their teaching duties at Wauwatosa, after a week's vacation with relatives in this city.

Miss Ida Rabbit of La Crosse spent the past week with her parents, Mr. and Mrs. Herbert Rabbit of this city.

Miss Hilda Hanson of La Crosse spent the week-end with her mother, Mrs. Bertha M. Hanson of this city.

Mrs. P. S. Curtis has returned from a visit with her son, Floyd, of Milwaukee.

What Makes Some Furs Very Costly

When we hear of fur wraps costing \$50,000 or \$100,000, we sometimes wonder what it is that makes them so valuable. Wraps costing this much are usually made of Russian sable, and they are the work of months sometimes of years. Thousands of skins must be looked over to select those which match. Nature never makes the skins of two animals identical. They vary either in quality or color, or both, and it takes experts to pick those which can be used together in a single garment. Not only do experts select the skins and fashion the design, but only the most during trappers go deep into the forest of Bormis, where the finest Russian sables are found. The darker the color the more valuable the pel, and as the light fades the fur, it is only in the densest part of the wood that the best skins are found.

Corn Enders the old sort—and the new

Corns used to be treated by fakers.

But science has found a better way to treat corns. And millions have adopted it.

The modern way is Blue-jay—liquid or plaster. A famous chemist perfected it. This great surgical dressing house prepares it.

Blue-jay is applied by a touch. The corn pain ends instantly. Then the corn is gently loosened. In a little while it comes out.

It is folly to pare corns or to treat them in unscientific ways. This new way is ending some 20 million corns a year. It will end yours any time you let it.

Prove this tonight

ANNOUNCING The PAIGE NATIONAL DEMONSTRATION WEEK

For one week—commencing Monday, April 4th.—our Dealers in every section of the nation will conduct a special series of demonstrations with the complete line of Paige cars.

Our "Daytona 6-66" model now holds the world's stock car record for speed. It will be the purpose of Demonstration Week to prove that any Paige car—in the hands of an unprofessional driver—is indeed Master of the Highway.

No other stock car has ever equalled our own speed record of 102.8 miles per hour. No other car, we are confident, can defeat a Paige in the milder tests of general demonstration work.

By proving itself the fastest car, the Paige 6-66 has revealed qualities of endurance and strength that are beyond dispute. World's championship form is a guarantee of all-round efficiency—the best guarantee that the sporting world affords.

But these are facts that we want you to establish for yourself, and

Demonstration Week offers an unrivaled opportunity. You have but to get in touch with our Dealer and he will book you for a ride that will prove finally convincing.

Then, with an actual record of the tests, you will be in position to compare the Paige 6-66 with any other motor car—at any price—on the American market.

You will also be able to determine whether the New Series "Glenbrook Six-44" is or is not the greatest dollar for dollar value in the light six field.

Surely no man could ask for a fairer or more sportsmanlike proposition.

Whether you contemplate buying a motor car or not, we very cordially invite you to ride with Paige during the coming week. It will prove a revelation, we believe—and a liberal education in strictly modern engineering.

MERRYLYN MURPHY IS THE BRIDE OF WILLARD GERRARD

AT SEVEN O'CLOCK Saturday morning at St. Mary's Catholic church, Miss Merrylyn Murphy, daughter of Mr. and Mrs. Michael P. Murphy, 1512 State street, and Mr. Willard Gerrard were united in marriage by Father Robert J. Condon. The bride was attended by her cousin, Miss Margaret Kane of St. Paul. Mr. Eugene Murphy, brother of the bride, was the best man.

Following the ceremony a bridal breakfast was served at the home of the bride's parents, where covers were laid for twelve. Centering the table was a basket of pink roses. The bride wore a suit of blue, a coral hat and a corsage bouquet of roses and sweet peas. The bridesmaid was gown in blue tulle, with an orchid hat and a corsage bouquet of sweet peas and roses. Mr. and Mrs. Gerrard left on a honeymoon trip to Chicago and on their return will reside in this city.

IN HONOR of her seventh birthday, little Miss Carol Larkin entertained a party of children at her home, 618 Ave. street, on Tuesday afternoon. Merry games were played culled by music. The little hostess was the recipient of many pretty gifts. At five o'clock supper was served when places were laid for twenty-five. The small guests were the Misses Lucile, Mary, Evelyn, Veron, Dorothea, Lorena, Patricia, Martha, Elizabeth, William and Louise Gertz, Louise Hanser, Helen Jones, Genevieve Nonman, Gertrude and Laura Ray, Ursula Roth, Catherine Smith, Frieda Schwartz, Alvin and Sophia Zander, Dorothy, Eleanor, Beverly and Emma Larkin.

MR. AND MRS. Adolf Canthar, 1223 Main street, announce the engagement of their daughter, Jeanette, to Mr. Edward Olson of London, England. The marriage will take place in May.

MRS. J. S. TUTTLE and daughter, Edith, are spending the weekend at Minneapolis.

HAROLD GIBBONS, telegraph operator for the C. & N. W., has returned to the city after an extended trip to California, stopping enroute in Mexico, Texas and at Salt Lake City.

MISS HENRIETTA SCHAEFER entertained the members of her graduating class Easter Monday at luncheon. Easter rabbits marked the places of the guests. Dancing and musical numbers afforded entertainment.

MR. AND MRS. Charles Van Kirk, 1223 Market street, announce the engagement of their daughter, Ruth Edith, to Mr. Arthur Yost of this city. The marriage will take place during the spring.

MISS ELEANOR DRUNELL entertained the following group of young people Tuesday night: Misses Josephine Knutson, Edith and Marie Westman, Maurice Anderson, Clyde West, Alfred Edholm and Herbert Schneider.

MESDAMES MATT KORLIN and F. Schmalen entertained on Thursday at a surprise party in honor of Mrs. Frank Mitchell, 1450 Bedford street. Mrs. Mitchell was presented with some pretty gifts. Games and music offered a diversion and a dining lunch was served at 7 o'clock. The guests were Messrs. and Mesdames M. Luchini, F. Mitchell, W. Weiss, Mrs. H. Brinkman and Mrs. P. Anderson.

MRS. GLENN HESOM pleasantly entertained a party of friends on Wednesday afternoon. An appetizing lunch was served and places were laid for six. The guests were Mesdames Mrs. Harry Fritz, daughter Louise,

COMING EVENTS

The hostesses will be Mrs. C. A. Beggs and Mrs. M. G. Fox.

THE REGULAR monthly business meeting of the Ladies Aid society of the Calcedonia Street Methodist church will be held Friday, April 8, at the social rooms of the church. The members whose birthdays come in March, April and May will be honor guests. Refreshments will be served by Mesdames R. Smith, P. Smith, W. Smith, H. Swarthout, W. Snyder, Scott, Jane Soules, J. Solberg and J. S. Tuttle.

GRAND JURY ENDS SESSION UP NORTH SIMPSON THROUGH

Retiring Prohibition Officer Wants to Know What to do With Whiskey Here

The federal grand jury which has been sitting in Superior for the past three weeks recessed Thursday until April 9, according to word received here. At that time the jurors will reassemble and either present their report to a federal judge or continue their investigation into infractions of the federal law.

The jury, it is said, investigated alleged violations of the Volstead act in Hurley leading up to the raids in December.

J. A. Simpson, retiring prohibition group chief in the western district, said that comparatively few liquor cases were considered by the grand jury at Superior.

Mr. Simpson went to Milwaukee to see Thomas A. DeLoach, federal prohibition director for Wisconsin, in regard to the disposition of 25 cases of whiskey turned over to Mr. Simpson by Judge K. M. Landis while sitting at La Crosse. He received the whiskey as an individual, and is wondering what to do with it and with a seven-passenger auto seized near Hurley.

Mr. Simpson, who retired from office Thursday, said that he resigned because he had been ordered to reduce his force. There are only four men to cover the entire western district, he said.

OLD FRIENDS ATTEND LAST SERVICES TODAY FOR JOHN BURROUGHS

Body of Nature Lover to be Buried at Woodchuck Lodge on 8th Birthday

WEST PARK, N. Y.—In the presence of friends who had assembled from all parts of the nation, simple funeral services for John Burroughs, famous naturalist, were held here Saturday afternoon at Riverby, his home, Henry Road, Thomas A. Edison, Harry S. Firestone, and other friends of Mr. Burroughs listened to the brief service conducted by the Rev. Franklin D. Ehmer of the Collegiate Baptist church near Colgate university. In addition to scripture readings, passages from the works of Wadsworth, Emerson and Walt Whitman were recited. Singing of a cradle song was a feature of the service.

Mr. Burroughs' body was surrounded with the spring-time flowers of nearby fields where he had often walked. In place of orchids, roses and other flowers of the greenhouse, violets, daffodils and hepaticas had a conspicuous place.

Numerous children from the countryside who had been on intimate terms with the aged naturalist, were among those present at the funeral. The Holy Cross monastery and a Roman Catholic convent, both nearby, also were represented.

Burial will take place Sunday at "Woodchuck Lodge," Mr. Burroughs' birthplace in the Catskills, on the 8th anniversary of his birth.

Y. W. C. A. SPRING FETE WILL BRING ENJOYMENT TO THE OLD AND YOUNG ALIKE

SUSIE and Johnny and Mary and Tommy—in fact all the kiddies of the city—you'll all be a-tiptoe with excitement and eagerness to witness the Spring Fete of the Y. W. C. A., when you learn that one whole act, one-third of the show, will be devoted to your entertainment. And not only is this act devised for the pleasure of the kiddies, but it is to be carried out by the kiddies themselves, the littlet members of the association. No, we can't tell you what the program is going to be, but this much has been divulged: Mother Goose will be there, with all her story-book children, whom you all know and love so well. Isn't that enough to make you want to come?

But it is not the children alone who will be pleased with the program being planned for the association's spring festival, for father and mother—aye, and grandmother and grandfather, too—will find much of enjoyment in the evening's entertainment.

Around the central theme of "Memories of an Old-fashioned Garden" there has been woven a lovely program of music and dances, costumed in the quaint, charming styles of a by-gone day, and presented in a beautiful setting which will bring to the minds of many recollections of a garden known and loved in the past. The musical part of the program is under the direction of Mrs. Robert C. Whipple, with Miss Ruth M. Bischoff, physical director of the association, collaborating in working out the dramatic side of the entertainment.

Tuesday and Wednesday, April 12th and 13th are the dates of the Spring Fete, and canvassers report a ready sale of tickets for the event. Tickets may be secured at the association, Borman's, Metcalf's Flower Shop, Barron's and Hebbard's.

Friday and Saturday—George Walsh in "The Fighting Fats." Fox Weekly.

"MISS MAY ALLISON IN 'MARRIAGE OF WM. ASHE' RIVIERA FEATURE FOR TODAY
In what is described as the most dramatic role of her career, May Allison, the beautiful young Metro star, will be featured at the Riviera today, in her Metro picture, "The Marriage of Wm. Ashe," the dramatization of Mrs. Humphrey Ward's celebrated novel. Produced on a lavish scale by Metro, the picture carries Miss Allison in the role of charming Kitty Bristol, through an exciting series of adventures which begin when she escapes

from the convent in which she has been placed by her parents, goes to London and at length meets and marries William Ashe, who is secretary for home affairs in the British cabinet.

Lady Kitty, as she is now called, does not permit matrimony to put an end to her adventures, however, for directly following her marriage to the ruler is baby heaven, as Rosamond's mother, her flight from the arms of the den, her meeting with "the" young man and the accidental discovery of her father combine to make a story of interesting situations and picturesque settings, and offering Miss Stewart an emotional opportunity of the sort in which she is at her best. The picture is "off the beaten path" of motion picture routine, but the difficult characterization adds another triumph to Miss Stewart's many.

"The Mollycoddle" is the name of the Fairbanks offering—and with the redoubtable long as the mollycoddle one is prepared for quick action. One will get plenty of it. There's a new Fairbanks stunt unworked about every fifty feet of film, it is said. At any rate it is a lively story, all about the descendant of a long line of fighting Americans who was somewhat caught young and landed in England, developing into one of these Johnny-boys with a monochrome and performed capricious. He's just about a total loss when Danny Cupid stands the chap up against the real thing, and the rich red corpses of his battling ancestors surge up through the crust of his effete education. Blood! go his head in the heart of the south-west, there's battle and narrow escapes, rescued beauty and a sliver of hot scraps. Thrilling and funny—that's the meat of it.

STEWART AND FAIRBANKS AT RIVOLI THIS WEEK
This is to be a big week for the Rivoli theater patrons, bringing two of the best-loved of all the film stars to the screen—Anita Stewart, the first half of the week and Douglas Fairbanks the last part, both of them in pictures of unusual interest.

In "Sowing the Wind," Anita Stewart's picture which starts today, the famous star, who is the pitchforked suddenly into the may environment of a New York gambling dive of which the ruler is baby heaven, as Rosamond's mother, her flight from the arms of the den, her meeting with "the" young man and the accidental discovery of her father combine to make a story of interesting situations and picturesque settings, and offering Miss Stewart an emotional opportunity of the sort in which she is at her best. The picture is "off the beaten path" of motion picture routine, but the difficult characterization adds another triumph to Miss Stewart's many.

"The Mollycoddle" is the name of the Fairbanks offering—and with the redoubtable long as the mollycoddle one is prepared for quick action. One will get plenty of it. There's a new Fairbanks stunt unworked about every fifty feet of film, it is said. At any rate it is a lively story, all about the descendant of a long line of fighting Americans who was somewhat caught young and landed in England, developing into one of these Johnny-boys with a monochrome and performed capricious. He's just about a total loss when Danny Cupid stands the chap up against the real thing, and the rich red corpses of his battling ancestors surge up through the crust of his effete education. Blood! go his head in the heart of the south-west, there's battle and narrow escapes, rescued beauty and a sliver of hot scraps. Thrilling and funny—that's the meat of it.

THREE WINNERS COMING TO MAJESTIC THIS WEEK
William Desmond, Pauline Frederick and Deke Danilek are on the menu of the Majestic the coming week—well, what? William Desmond is the Sunday piece de resistance, the bewitching Pauline next.

with Deke the Cutie as the wind-up for the week.

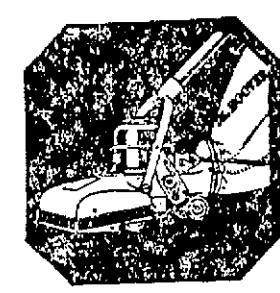

It is probable that the Desmond picture which plays today only, found its inspiration somewhere below the "spagetti" countries, a la Richard Harding Davis. It is all about a breezy Yankee soldier of fortune who found lots of soldiering and not a little fortune in a comic republic, fell in love with the governor's niece, and broke all the rules of the rosy court in putting it over. The hero naturally is named "Larry Donovan"—naturally, because Barney has a big job in the picture to save the hero from an untimely death. The title "White-Washed Walls" refers to the bullet backstop against which the hero Larry is backed up for execution from time to time, only to be saved by his wits and courage. There's also a wicked ramp. Carumba!

The lovely Pauline Frederick comes to the Majestic Monday for three days in "A Slave of Vanities," a screen adaptation of the notable play "Tris," by Sir Arthur Wing Pinero, the foremost British dramatist of his day. The theme is one unique for Pinero, for though in it is a tragedy from the pinheads of social heights down to the gutters of poverty, she is changed from a parasite to a woman whose character gradually develops to the reflection of all that is best in womanhood. Miss Frederick's performance makes more tolerant the views toward those who crave luxury by instinct, and who do not always, as does Tris in the film, have the opportunity to recover themselves in time to give themselves true happiness.

"Drakes and Drakes" is what Deke Danilek, as Teddy Simpson, thought she had made of her life in the polka-dotted picture of that name which ends the Majestic week. It is the story of a little girl of eighteen who hasn't anything to do, and so devises an apparently harmless flirtation system by calling telephone numbers at random. She won't set the day for her fiancé, but after he is wised up to the telephone stunt he "frames" on the little flirt, and the plot hatched up for the purpose secures all the flimsiness out of her. It's a piquant picture for the piquant star.

GLADYS WALTON—STRAUD
Remember "Pink Tights?" It scored a big hit at the Straud several months ago. You also remember the dainty little star, Gladys Walton? Well, she is back in town today in a brand new picture, "Pink Tights," and tells a highly romantic story. Miss Walton plays the role of a little alley cat in the slums who rises to the station of a pet Angora in high society, as so it seems. And the adventures that befall her in her rise to a life of ease and luxury will bring tears and laughter to the audience. The wild animal serial, "The Lost City," and Fox News also are on the program for today.

TOM MIX AT CASINO
If Tex Benton's (Tom Mix) capacity for getting into hot water were not matched by his skill with horse and rope and gun, the story of "Prairie Trails" could not be told. As it is, Tex Benton is the dashing hero of James B. Hendryx's most popular novel and now the William Fox photoplay, "Prairie Trails," which may be seen for the last time today at the Casino. "The Eddie Polo serial, 'King of the Circus,' and the comedy, 'Nonsense,' also will be shown.

GIRLY MUSICAL COMEDY FEATURES SUNDAY'S VODVIL

Cal Dean and Sorority Girls,
Blackface Pair, and Comedians on Bill

FEATURING the La Crosse theatre vaudeville bill for Sunday will be a one-act musical comedy staged by Cal Dean and the Sorority Girls—a whirly, fast-paced act full of beauty and fun which is calculated to make everyone feel good about things in general afterwards. And it will be backed by four other high-class acts, including Cleveland and Fay, funny black-face men. The burnt cork stuff is an old standby of the vaudeville stage, but it always "goes big" and these two entertainers are reputed to be among the best of their profession.

"That comedy pair," Burdell and Burdell, are also on the bill, and there will be some rapid-fire joke-splitting by Merry and Gay who are known to fans as "the witty duo."

The last act on the bill—exclusive of the Universal magazine picture and a film weekly, will be a very clever eccentric burlesque offering by Kremka Brothers, who are imported specialists of muscle and agility with a number of new and difficult feats in their repertoire.

The Philosopher
"Help, help!" screamed the terrified young man who had just fallen over the edge of the wharf. "I can't swim!"

"Not of it?" asked the stevedore mildly, taking his pipe out of his mouth, and glancing carelessly over the edge. "I can't neither, but I ain't yellin' my head off about it."

Soviets Run the Oil Wells
The announcement has been made that the Soviet government has taken charge of 180 oil wells, and by the introduction of improved methods it is hoped to greatly increase the production of these wells.

The Same Man
The fellow who used to say, "Kiss a Hun for me, boys," is apt to be the same man who is holding his head off about ex-service men "holding up" the country for a "bonus."

Interesting Acts Coming To Majestic

VAUDEVILLE for the week at the Majestic includes a number of features of the type that will keep Majestic fans saying that the vaudeville is continuing to improve all the time. Sunday's two acts include Ethel Vaughn, confidential secretary of joy and mirth, and Hartz and Evans, in a singing and dancing act which has been well received everywhere. Miss Vaughn is a comedienne of sprightly attainments, and amuses the folks with burlesque recitations, comedy and songs.

For the first half of the week the vaudeville bill will be featured by a remarkable comedian-dog, named Toots, who with his human pal have a lot of fun for themselves and the audience. Toots sings and dances along with his master. The other act on this bill is also a handiwork—Lewis, Stanley and Goble, three men in a combination of comedy patter, stuff and songs which is said to get over strong.

CALEDONIA BOASTS OF TWO WIRELESS STATIONS IN CITY

William Dorival and Alva Smith
Get Weather Reports, Hear
Lectures in Pittsburgh

CALEDONIA, Minn.—This city boasts of two radio stations, two boys, William Dorival and Alva Smith, each having a station at their homes. The Caledonia Journal each Tuesday receives from young Dorival the weather report from the University of Wisconsin at Madison, he re-

ceiving it by wireless daily at 1:30 p. m.

The two boys are using the latest standard type instruments similar to those used by the United States signal corps, equipped with the antenna detector, known in radio circles as the most sensitive detector of electromagnetic waves. The two young men also receive time signals, press and weather reports from the naval stations at Arlington, W. V., Great Lakes Training station, commercial stations at Springfield, Ill., Denver, Colo., and many other points.

The most abundant is Port Isabel, Texas. They have heard wireless telephone lectures and concerts in Pittsburgh, Pa., Elberon, N. J., and Madison, Wis. They have not done much with the transmitter, which is of low power, the greatest distance used being eleven miles, but plan to

extend the power to at least thirty miles. They have licenses from the United States government and the official call is 9-D. K. K.

The Aztecs were the first people to prepare cocoa as a beverage and to make chocolate from cocoa beans. Virtually no metallic currency remains in Turkey.

Short Story

(Copyrighted)

The Eldest Miss Finch

BY CHARISSA MAURICE

Neil Latimer had met Celia Finch, and Ethel, the youngest of that popular family, noted for its feminine culture, but of Rosamond, the eldest, he had only heard echoes of her calm beauty. Men said she was a marble statue and that nothing could awaken her dreaming peace.

"My sister Rosamond?" Celia had repeated one day. "She's the dearest thing, but she wouldn't be interested on any of this," she waved her fan at the room full of dancers. "She is browsing among books most of the time, is the most absent-minded creature imaginable, and—well, we are missing most of this dance, aren't we?" she ended wistfully.

Neil apologized and in a moment they were vanishing in the maze. Sometimes, when he was alone, the description given by Celia came back to him, and disliking the formal picture of a bookish girl who was absent-minded and didn't care for dancing, he decided that "Miss Rosamond" must lack a sense of humor. Having made this decision, fatal to any man's interest in any woman no matter how fair she be, Neil finally dismissed the hope of meeting the eldest Miss Finch, and became absorbed in his business of manufacturing nuts and bolts, with occasional excursions into society.

One afternoon when the fever of spring was in the air and he could not remain indoors harnessed to the routine of a busy office, Neil got into his car and rode out East avenue to the country club. The Finch residence was on East avenue and he had passed Mrs. Finch and the younger girls in the shabby car driven by a middle-aged negro. The Finches were poor in this world's goods but, as they came of a good old family and had many rich relatives, the fatherless family went around a great deal and entertained occasionally in their lovely, decaying home, filled with heirlooms.

Just as Neil reached the Finch residence he became aware that the machine needed water. It was second thought to stop there and apply for a pail of water. People in Westville were always neighborly and as there was no public garage thereabouts, Neil jumped out and hastened up the gravelled drive and around to

the back premises. A maid was standing with her back to him hanging out a snowy washing of clothes. She wore a pink sunbonnet, but he could see a couple of clothespins protruding from the depths of the bonnet.

"Good morning," he said in his pleasant voice. "May I have a pail of water, my dear?" he did not finish the sentence, he paused in dismay, for the clothespins were removed from the bonnet and the face turned to his was never that of an ordinary maidservant. Such rare beauty could only belong to the sister of Celia and Ethel—she saw his embarrassment and smiled gravely.

Such wonderful sleepy gray eyes with shadowy black lashes, a perfect nose, a rose-bud mouth, and a heart-shaped face with breadth between the eyes, and above, a broad white brow with tendrils of red gold hair, a thick band of the same coppery hair hung below her slim waist.

"Water? Certainly," she said in a voice which made his pulses tingle. "If you will come to the house I will give you a pail; there is water in the garage but you may as well fill the pail in the kitchen." She led the way into a great kitchen, immaculately clean, where an ancient colored woman, crippled with rheumatism, sat in a comfortable armchair by the fire. She croaked hoarse protests when the girl gave Neil a shining pail.

"Now, Miss Rosamond, honey,

don't you be waitin' on folks lak that—"

"Please, be quiet, Aunt Heppy," chided the girl.

"I am sorry to trouble you—I didn't know that I might be intruding—I am acquainted with Mrs. Finch and her daughters and—"

"You must be coming to dinner to-night, then," suggested the girl.

Recognized you an' one of our Rosamond Finches," she held out her hand roughened with housework.

Neil took her hand. "May I stay a little while and be kitchen company?" he asked. "I'd like to get acquainted."

Rosamond looked doubtful. Then a wave of color invaded her fairness. "I shall be glad, Mr. Latimer, but you see it would embarrass mother and the girls if it were known—you see Heppy is crippled, so as we cannot afford another maid, I come out and help. Heppy greets me and I love to cook."

"She shows an de heartiest cook," interrupted Heppy.

Rosamond joined in Neil's laughter. "Heppy is a good teacher, and it gives the younger girls a chance to go alone. I've been out two seasons already, and I do like a chance to keep up with my studies. I must fly around now because there is dinner to get—oh, we have an extra maid in for that to help Abner in the dining room. Can you mix mayonnaise?"

"Can I?" Neil washed his hands

and pushed back his cuffs.

"If you will let me help you a little I'll forewear any knowledge of you and your dark plottings in this kitchen."

"Very well," she laughed merrily, "only you must fly at the stroke of 1, so that you will not scandalize mother and the girls."

Neil never forgot that hour spent in the kitchen with lovely Rosamond Finch, with old Heppy nodding her white-turbanned head approvingly. The girl was a rainbow of colorful fancies—there was no marble whiteness about her; a radiant spirit seemed to shine like a flame through her beauty. Perhaps she had been waiting for this prince to awaken her.

That night at the happy informal dinner party for which the Finches were famous Neil saw her again and she seemed another girl; she had retreated into some cool grove of thought, but his serious eyes, with a hidden appeal to her sleeping heart, brought her out, and gradually he saw her coldness melt before his eyes. Her family and friends took fire from her gaiety and it was a never-

to-be-forgotten evening. Rosamond Finch had awakened.

During the weeks that followed Neil learned more about the interesting family of girls who maintained their social position on a depleted income, remade their own clothes, until there came a day when they had to unpack Mrs. Finch's own wedding dress and veil for Rosamond's bridal.

After all the "eldest Miss Finch," who had contentedly stayed at home in the kitchen was the first bride, and Aunt Heppy, who had turned her into a famous cook, was almost as proud as Neil himself as the bride came up the aisle. "The looks like a lovely statue," said some on that day.

Neil only smiled. He knew that beneath the marble there was flame—had he not kissed his Galatea into life?

The Ancient Butt

"Do you keep posted on all local events that take place around here?" inquired the tourist.

"Yes, indeed," replied the native of the Ozark country, as he pressed the self-starter on his rolled pipe. "We read all the newspaper jokes about us."

GAS FROM STRAW

A gas derived from the destructive distillation of straw is being produced on a small scale at the experimental farm of the United States department of agriculture at Arlington, Va., says the Journal of Industrial and Engineering Chemistry in a recent article.

This gas has been used for motor fuel, for cooking and illuminating purposes, but its commercial value has not yet been determined.

The office of development work of the bureau of chemistry is now making a series of tests upon it.

Fifty pounds of straw will produce about 300 cubic feet of gas, and the problem of liquefying or condensing the gas in order to enable it to be used practically as a motor fuel is now in process of solution.

Several valuable by-products are obtained during the manufacture of the gas.

Authorized and \$2.25 paid by Richard A. Newburg, 311 So. 3rd St., La Crosse.

AMERICAN LEGION HAS GET TOGETHER PROGRAM-SUPPER

Members of Tuesday Luncheon Bridge Entertained by Mrs. Earle at Sherman Hotel

On the evening of Saturday, April 2, a get-together meeting of the American Legion and the Women's Auxiliary, prospective members were held in the hall of the Sherman Hotel. Past Commander James Moran presided at the gathering and outlined plans for the coming year. A program by the legion members was presented at the company. The meeting concluded with an informal social hour.

The Tuesday Luncheon-Bridge club was entertained by Mrs. L. W. Earle following a luncheon served at the hotel. Substitutes for regular members not in attendance were Miss Ida Miller, Mrs. W. H. Bush and Mrs. E. H. Burton. Duplicate auction bridge was played at three tables.

The newly organized Schweitzer Card club met on Monday evening with Mr. and Mrs. L. Martens. Five hundred was the evening's pastime and was played at two tables.

A circle of friends gave a supper party on Sunday complimentary to Mrs. Jessie Tripp of Rinelander, guest of Mrs. Elizabeth Seymour.

Friday evening Mr. and Mrs. Alva McMillen entertained at a supper party. Twenty-four guests were present and Mr. and Mrs. Charles Shannon of La Crosse were honor guests.

Mr. and Mrs. Jay Mosher gave a card party on Wednesday evening which was attended by a company of friends and neighbors. Refreshments and a social hour completed the evening.

The Shakespeare club meets on Monday afternoon with Mrs. F. H. Barth. Lesson, Review of play, and H. L. Tardiff, Mrs. L. W. Earle, Mrs. L. M. Comp-ton, and Mrs. L. M. Comp-ton.

Mrs. F. H. Barth entertained three tables of bridge on Thursday evening, complimentary to Mrs. Charles Shannon of La Crosse. A supper party and social hour concluded the evening.

Mrs. Frank Baumgarten gave a dinner party on Thursday evening in honor of her sister, Miss Ruth Dierker, of Minneapolis. A dinner party followed the dinner. Guests were girl friends of the honor guest, Miss Dierker.

Mr. and Mrs. Henry Lohman celebrated their fifth wedding anniversary on March 23. Twenty-three guests were present at a card party followed by supper. The host and hostess were the recipients of many suitable gifts.

Mr. and Mrs. Otto Peske entertained on Wednesday at a dinner party complimentary to Mr. and Mrs. George O'Leary who left this day the following day on a visit to Buffalo, New York, before returning to their California home.

Mrs. Carl Gieseler was hostess to a circle of friends on St. Patrick's day at a handsome luncheon.

St. Mary's club gave a "silver tea" on Wednesday afternoon at the L. J. Harper home. Misses Harman and Russell Wells acting as hostesses to all in attendance.

Mrs. Charles Shannon and son, Dick, have returned to La Crosse after a week's visit at the Oliver Olson home where Mr. Shannon joined them for the week-end.

Mr. and Mrs. M. M. Moore, Mrs. A. L. Winter and daughter, Grace, have returned to their city from a winter's sojourn at Miami, Florida.

Mr. McKeezie of Fairbairn, Minn., accompanied Howard O'Leary to this city from Milwaukee and spent the past few days at the James O'Leary home. The young men are students at Marquette college.

Frank Meisner, instructor in history at Tomah high school has accepted the position of supervising principal of the Cassin public school. He is the son of Mr. and Mrs. Henry Meisner of Tomah and an alumnus of Lawrence college, class of '19.

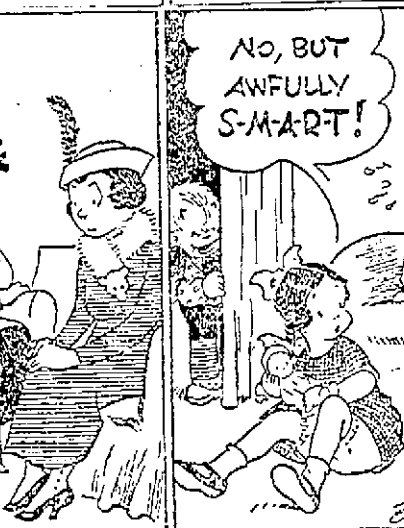

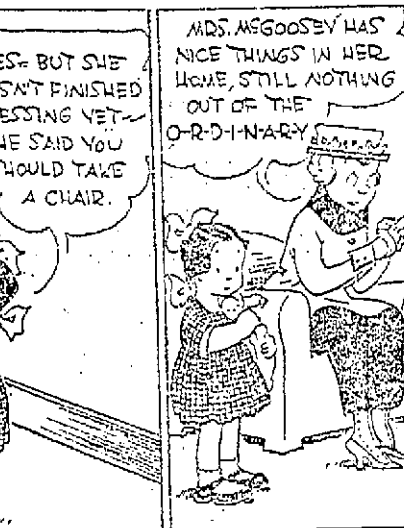

Leonard Stevens of Chicago visited his parents, Mr. and Mrs. George Stevens over the week-end at Valley Farm.

Miss Margaret Warren has completed her work in St. Croix county

FRECKLES

AND SO SHE WAS!

BY BLOSSER

ROSA KNUDSON IS SURPRISED BY THE LUTHERAN CHOR

Mrs. C. H. Smith Will Address the Next Meeting of the Women's Welfare League

THUNDERBOLT, Minn. (Special) — Miss Rosa Knudson, instructor in music in the city schools and also director of the choir of the Lutheran church, was given a surprise last Wednesday evening when about thirty well-known guests gathered at her home to spend the evening. This number included the twenty-three members of the Lutheran choir and also other members of the congregation. Vocal and instrumental music, games and a delicious lunch were enjoyed. The lunch being brought by the "Knudsons" who left with Mrs. Knudson a sum of money with which to purchase for herself a suitable remembrance of the occasion.

Mrs. Edward Gleditsch was hostess at an afternoon coffee last Tuesday afternoon. Six of her neighbors being the guests.

At the next regular meeting of the Women's Welfare League of this city, Mrs. C. H. Smith, of Spring Valley, Minn., will speak to the members of the organization upon matters that are of great interest to all of the women of Rushford. It is hoped that every member will be able to hear her and to bring with them friends who will be interested. Mrs. Smith is the Co. Chairman of the League of Women Voters. At the close of the afternoon's program lunch will be served by Mesdames George Watt, John Gleditsch and A. Ronneberg. The entire proceeds of these lunches which are sometimes served at the League's meetings, is placed in the library improvement fund and helps to bring nearer the day when the League succeeds in getting enough money to commence work upon the Public Library, to enlarge and remodel the building to include a rest-room, kindergarten room for the small members and also a room in the second story which may be used as a Community Center. The League holds its meetings, as a rule, in the Public Library and the next meeting will be there.

A marriage recently celebrated in this city was that of Mr. Thoman Johnson, of Whelan vicinity, and Miss Rosella Iverson, of South Fork, a short distance from Rushford. The young people were made man and wife by Rev. O. M. Soreng, pastor of the South Fork Norwegian Lutheran church. They were attended by Miss Ruth

Mrs. J. G. Smith and has returned to her work as Latin and French instructor in the high schools at Mineral Point, Wisconsin.

Thomas Drew, Florence Dierscher, Harold Kelly, Bruno Kueper and Lyle Johnson have returned to their studies at Whitewater Normal, where the are students in the school's commercial department.

Miss Miriam Maxwell, sophomore student at Beloit college, was a visitor during the past week at the home of her parents, Mr. and Mrs. C. J. Maxwell.

Miss Yaezer, Alfred Roberts and Lloyd Reynolds returned to La Crosse on Monday where they resumed their work in the physical education department of the state Normal school.

A Minor Role — It is certainly unusual to find an actor as modest as the one who inserted the following advertisement in one of the London papers: "Entertainment Wanted. — Small part, such as dead body or outside shoe." — Windsor Magazine (London).

Pocket the Profits

Tony Caruso grows a big crop of vegetables, sells them to one man who sells them to another. You buy from the last one and pay profits to all.

The short cut for you lies in doing Tony's stunt on a small scale; your backyard will do, no matter how small. Then the Missus can put up big fat jars of home grown "garden ease", after giving you a tableful every day.

You don't need experience—just grit and determination to do your part in keeping down expenses. But you do need good seeds, the best seeds—Ferry's pure-bred Seeds. Then the few minutes you give daily to your garden patch will bring the big crops you want.

Sixty years, the first choice of professional and amateur gardeners, pure-bred seeds producing luscious fruits, delicious vegetables. Insist on the best. Ferry's pure-bred Seeds are sold at 10c per paper but they could not be better at any price.

FERRY'S pure bred SEEDS

Buy Ferry's pure-bred Seeds at any good store anywhere in North America. Write today for Ferry's Seed Annual. It gives good garden advice and is free.

D. M. FERRY & CO.
Detroit, Mich.

Paulson, the bride's cousin; also by T. H. Johnson. They left for their new home near Whelan shortly after the wedding. The bride was given a "pinned-shower" a few days before she was married; the affair taking place at the home of her parents, Mr. and Mrs. B. C. Iverson, of South Fork. The ladies of the Missionary Society of the Rushford Presbyterian church will give a supper at the church basement, next week Thursday to which all are cordially invited.

The Chas. Green home has entertained recently, Mrs. A. Samuelson, of Union.

Mr. and Mrs. Fred Cottrell, of this city spent Easter Sunday with the gentleman's parents, in Houston.

The Niles Carpenter home in Brooklyn has had as a recent guest, Mrs. Cora Hill, of Truman, Minn.

Among those home from other points to spend the Easter vacation are the Misses, Marie Isberg, of Gaylord, Minn.; Gna Kovick, of Joliet, Minn.; Helen Gleditsch, of Minneapolis; Blanche Kovick, of Minneapolis; Louise Wright, of St. Olaf's College, Northfield; Maurice and Esther

Jelsrud, Irvin Vigard, Ambrose Layne, Mary Gleditsch, Esther Berland.

The H. J. Martin home recently entertained Mr. Fred Puteer, of Bird Island, who is a student of St. Olaf's College.

Among the coming festivities, are the meeting of the Pricilla Club, next week; the long-talked-of banquet for the winners in the indoor base ball league and the regular luncheon served by the ladies of the Lutheran Aid Society; also the annual Apron Sale given by the last-named society.

SUGGEST BASEBALL BE MADE CIVIC ORGANIZATION

MAKE BASEBALL PROPERTY OF CIVIC BODIES

Plan Suggested Whereby Civic Organizations and Firms of City Would be Owners of a La Crosse Ball Club

NINE POSITIONS WOULD BE SOLD TO HIGHEST BIDDER

Plan Would Automatically Incorporate Entire City; Owners Form Protectorate

Received in the form of a suggestion, a plan whereby baseball can be placed on a similar basis with civic organizations in La Crosse has been given to the writer of this page and it is now submitted with a view to acknowledgment or announcement on the part of the baseball public. The plan is as follows:

Each player shall become the property of some club, social organization, or business firm. His selection and maintenance shall become an obligation of said organization or firm.

All expense is to be proportioned to each player and is to be met by sale of tickets or otherwise by protectorate.

Proteges to be selected in proper order through auction, advance ticket sale or drawing.

Disputes left to council of protectorate.

Tickets for each game sold by appointed agency credited to each organization.

It is understood that the nine positions of the baseball team would be sold at auction to the highest bidder, which organization or firm would be responsible for the expense, proportioned to each player, of training, representation, purchasing such positions would form the protectorate in whom would be vested the power to select the team and settle all disputes.

Owners Sell Tickets

Each organization becoming the owner of one of these nine positions would be given the privilege of issuing admission tickets for sale to the public, the income from this source to revert back to defraying the initial outlay of the firm or organization caused by the purchase of the respective positions. As an example, if a firm or organization buys a position at the auction for \$200, this amount can be again collected through the sale of tickets credited to that organization or firm thereby releasing it from financial expense. The sale of the tickets would have a double value, that defraying initial outlay of the firm or organization and cause a larger attendance at the games, a factor which is very important.

While it is true, the plan as suggested in its original form leaves plenty of room for improvement, the idea of making the ball club the property of the civic organizations and firms in the city presents a new angle to the baseball question, which, with proper engineering can be made an absolute success. It can readily be seen that with various civic organizations and firms owning the several positions on the team that the friendly rivalry and banter at the games would be the source of much merriment and as well as entertainment.

A feature in the plan is seen in the fact that a majority of the firms and organizations in the city would be represented in the baseball club. Employees and members of each would turn out to watch the man of their choice play. The game they would "ride" the next day if his member of the team did not come up to standard and in this manner bring about a better class of players. Interest and enthusiasm in any project are necessary before it can be made a success. And to create interest and enthusiasm it is necessary to place it not more than slight responsibility and obligation upon the parties involved, causing them to feel that they have some-

LA CROSSE MAN AT GREAT LAKES TRAINING STATION HURLS DEFI TO WRESTLERS

The name of Vincent Plimpton, son of Mr. and Mrs. George Plimpton, 1225 South Twentieth street, student at the Aviation Mechanic's school, has been heralded throughout every main and sub-station at Great Lakes following his deft issued to any "zob" in the station presenting himself at 148 pounds ringside for a tussle on the mat.

Plimpton, known about the station as the "masked marvel," issued the challenge in the Main Station Theatre on a recent occasion following a fight card which had been put on at the theatre for the entertainment of the sailors. The La Crosse youth was awarded a decision over one of the crew in a nut tilt at this occasion, and through his challenge to anyone of his weight for a bout, has created an enthusiastic spirit among the grapping fans at the institution, who have since banded themselves looking for a possible match for the local man.

VINCENT PLIMPTON

thing for which to work and are a part of the belief of many that these items necessary to a successful organization are incorporated in this plan.

As has previously been stated, the above is offered in the form of a suggestion and it is the earnest desire of this newspaper to receive further suggestions or objections from this plan of conducting baseball in La Crosse. Let us hear if you are in sympathy with the proposed plan. Statements from those who are adverse to the plan will also be welcomed. It is your baseball team and "we" want to do everything possible to get it started.

CHICAGO GOLFER WINS NORTH AND SOUTH GOLF TITLE

PINEHURST, N. C.—Jack Hutchinson, Chicago, professional golfer won the North and South open championship Saturday by completing his final round in 76 for a total score of 291. George Potheringham of Breton Woods and Fred McLeod of Columbia Country club, Washington, tied for second place with a total of 295.

TY COBB IS GIVEN LIFE MEMBERSHIP BY DETROIT ELKS

DETROIT, Mich.—Life membership in the Elks has been voted Ty Cobb, manager of the Detroit American league team, by Detroit Lodge No. 34. A gold membership card will be presented to the Tiger manager before the opening game of the season here April 13.

BRIGHT OUTLOOK AT NORMAL FOR TRACK MEN THIS SPRING

Meeting of Track Candidates to be Called by Coach Keeler on Monday Afternoon

ATTEMPT TO REVIVE BASEBALL AT SCHOOL WILL BE MADE

Sentiment for Representative Ball Team Strong at School

The warm days that tell of approaching summer bring back the thought of track and baseball at the Normal school. Nothing definite has been done as yet, but a meeting for all the men interested in track or field work will be called for Monday afternoon by Coach Keeler who will again have charge of drilling the track squad. No manager has been chosen, neither is there a captain as yet. Both of these offices will be filled soon and work commenced in earnest.

The outlook for track this year is bright, in spite of the fact that a great many of the point winners of former seasons have been lost by graduation. The new material which has entered school since the close of the track season last year look especially good, and there are enough old men left to form the nucleus of a strong organization.

An attempt is being made on the part of many fans to revive baseball as a regular sport. The school had good baseball teams in the days before the war, but since that time nothing official has been done along this line. Last year the various classes put out teams that showed a considerable amount of baseball ability, and many of these players are still in school. The sentiment is strong for some sort of a team, but whether it will be reinstated as a conference sport this year is doubtful since baseball is nearly a dead issue in all schools of Normal caliber in this vicinity.

YACHT DELPHINE IS LAUNCHED AT GREAT LAKES SHIPYARDS

DETROIT, Mich.—The motor drive yacht Delphine, the largest vessel of its kind ever constructed, was launched at the Great Lakes Shipyards Saturday. The yacht was begun by the late Thomas E. Dodge, automobile manufacturer, and named after his daughter, Mrs. Oliver Cromwell, formerly Miss Delphine E. Dodge. The vessel will be driven by oil burning engines and is just a few feet narrower than the St. Lawrence river locks, which will allow passage to the ocean.

TROUT FISHING TO OPEN IN A MONTH

The official opening of the trout fishing season for these parts is on May 1, while that of Minnesota opens on the fifteenth of April. Local anglers are anticipating the initial try in a few days to the Minnesota streams.

ONE-HALF NECESSARY FUNDS SECURED FOR BASEBALL TEAM HERE

Plan Now to "Land" on all Available Material in the City for the Organization

With the appropriation of half the funds necessary to equip the team with all its paraphernalia secured, the organization of a baseball team on the south side this spring is assured. Committees and leaders in the formation of the club having visited but a small majority of the territory to be called on for the support of the team, report that the proposition of forming the club has been greeted with enthusiasm on the part of those who have been approached.

While several players have been lined up as possible members of the new club here, it is the effort of those in charge at the present time to "land" all of the local material available. Many La Crosse players who would be a credit to the new organization here have accepted positions elsewhere in this vicinity. This material is needed in the city.

With the spring breezes here for good it is expected that much can be accomplished in the immediate future in the matter of getting the men lined up. Practice is again going to be held at Normal field Sunday afternoon. Although quite a large bunch came out for the initial workout last Sunday, it is expected that many more will find the field this afternoon.

The postoffice department has been run for years, so far as the human element is concerned, on principles that went out of style just 1921 years ago next Easter.—Will H. Hays, new postmaster general.

Your vote is respectfully solicited.

ELKS' CHAMPION BOWLING QUINTET

Above photograph shows the Elks' Purple league bowling team which defeated the Pioneers of the White league for the championship of the lodge. From left to right the players are as follows: Von Wald, Frisch, Beck, man, Dietz, Dary and Erickson.

"Come on you Antlers" has been the slogan of the Antlers team of the Elks' Bowling league, and the small percentage which usually follows the winning team, while "The Antlers" the "lucky sticks," has been the general comment after each series of games in the tournament now closed. The Antlers emerged triumphant from a contest in which their closest rivals were the Booleggers, unsurprisingly captured by George Frisch, and the Pioneers, Captain Warninger's big aggregation of bowlers.

For the first time in its history there have been two Elks' leagues, the winners in each league playing for the championship of the lodge.

It was not entirely luck that the Antlers carried off the honors, as they lead in both team and individual averages for the entire season. The champions were perhaps aided by the fact that in many games their rivals became entangled in their all-

GRAND-STAND FOR DAVIS CUP PLAY TO BE CONSTRUCTED

Stands at Forrest Hills to Have Seating Capacity of 14,000 to 16,000 People

NEW YORK.—Various recommendations connected with the Davis cup and national championship play for the coming season were considered here Saturday at the annual spring meeting of executive committee of the United States Lawn Tennis association.

It was decided to erect grand-stands of seating 14,000 to 16,000 spectators for the Davis cup challenge.

COUNTRY CLUB NOW OPEN

The La Crosse country club has been open to golfers for the past week, according to announcement made Saturday. The locker rooms are in order and the regular season for the frequenters of the links is in full swing.

"Comet" is New Launch Owned By Emil Tanke

The Mississippi river is going to be salt wide open during the boating season this summer. Emil Tanke, driver for the American Railway Express, has recently come in possession of a launch that is reputed to be the speediest going back in these environs. The boat is twenty feet in length, built over the "last" of a speeder, and equipped with a forty horse power motor. The "Comet," as the new ship has been christened, will make 35 per cent a straight-away on a calm sea and is said to be the fastest ever owned by local sportsmen.

FRANCE TO HONOR AMERICAN DEAD ON MEMORIAL DAY

Plans Under Consideration by
Memorial Day Committee
in Paris

PARIS.—Plans for Memorial Day and commemorative exercises throughout France in honor of American dead who lie in French soil, have been considered by the American Memorial Day committee at a meeting held at the American Legion headquarters.

This general committee meets, under the honorary presidency of Hugh C. Wallace, virtually all American activities in France including the embassy, the various consulates, Graves Registration Service, American Legion and Auxiliary, Red Cross, Young Men's Christian Association, Young Women's Christian Association, Knights of Columbus, Jewish Welfare, the American churches, American Chamber of Commerce, American Hospital, Women's Club, French-American Welfare and the American public at large.

Following the program adopted last year, the committee will provide for the placing of flowers or a wreath upon every grave in France and will organize appropriate exercises at all of the principal military and civil cemeteries where American dead are buried.

Due to the generous contributions made last year, the committee finds that the funds on hand for this year's ceremonies are ample to cover the prospective expenses of the program. Therefore it announces that no appeal will be made to the public by the committee for funds for the ceremonies of 1921.

BODY OF WAUKON SOLDIER, KILLED IN FRANCE, SENT HOME

WAUKON, Iowa.—Mr. and Mrs. J. W. Raymond of this city have received a message that the body of their son Richard is on the way from New York city enroute home for re-burial. The body may arrive here about Saturday, when burial will take place with military honors.

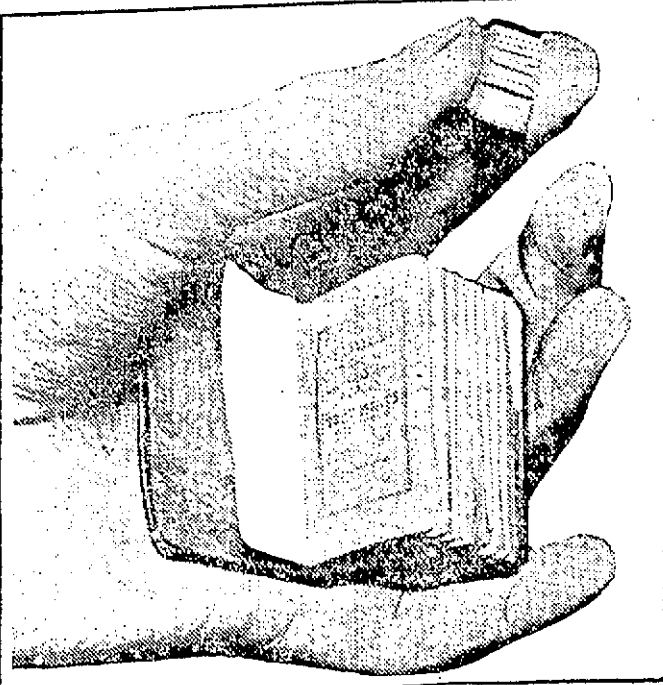

Richard Raymond was the first Allamakee county boy to lose his life in the service of his country in the World war. His death occurred July 26, 1918, near Soissons, France, from wounds received while engaged in the defense of that sector. He was 22 years of age, having been born in this city February 22, 1896.

CHICAGO BUILDING TRADES WORKERS TO VOTE ON WAGE CUT

CHICAGO, Ill.—Plans were under way Saturday for a referendum by sixty thousand trades workers of Chicago on a reduced wage scale proposed by contractors. Decision to submit the proposition to the men was reached by union chiefs after the employers had promised that contracts for projects totaling \$100,000,000 would be let if the wage scale is reduced. The proposed reductions range from 20 to 25 per cent and would be effective May 1.

Jap Violins Rival Those of Germany
The Japanese did very little in the way of manufacturing stringed musical instruments before the war but it is said that the Oriental workmen did excellent work in the manufacture of violins, so that it is thought that there is an established market for these instruments. They are as good as the German make and much cheaper. Japan has some wood which is well suited for the purpose.

WORLD'S SMALLEST BOOK

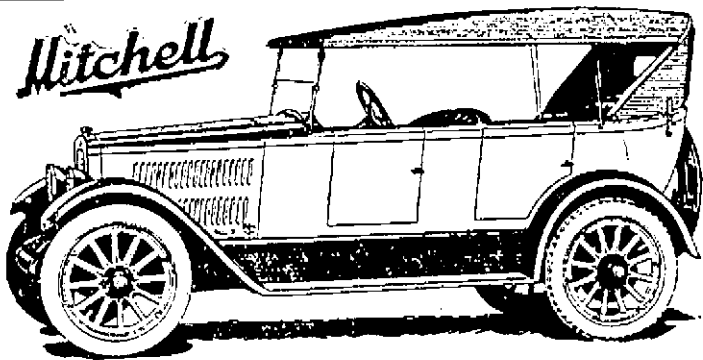

The book between the thumb and finger is little more than half an inch long—the world's smallest book. It is the "Rubaiyat of Omar Khayyam." In the palm is a Bible less than three inches long. Both are owned by the Chicago Historical Society.

FARMERS ORGANIZE LEAGUE TO OPPOSE FEDERAL SALES TAX

CHICAGO, Ill.—Formation of the Farmers Federal Tax League of America, which will oppose the federal sales tax, was announced Saturday by Eugene Frey of Argyle, Ill., formerly lecturer of the Illinois State Grange, who is secretary of the organization. George F. Comings, lieutenant governor of Wisconsin, is president of the league.

Mosque to Rise in Paris
The first mosque to be erected in Paris is about to be started for the use of the Mohammedans in the French possessions who have frequent occasion to visit the French capital. It will be a very impressive and stately structure. The city of Paris has given the site and the French parliament has made an appropriation.

Merely Owning An Automobile

does not lend any particular distinction to the owner. Today, an automobile forms part of the equipment of every modern home. Those of good taste, choose exclusive homes of marked individuality. Their automobile should be chosen in the same manner.

There is an air of distinction about the Mitchell for 1921. Every owner will take pride in its attractive and exclusive lines. If you intend to purchase a new car this season, it behooves you to see what we sincerely believe to be the finest automobile on the market in its price field.
